OUR MISSION

At **Henry Schein**, we believe in focusing on "practice care" so you can focus on patient care. We support this mission by offering innovative solutions designed to enhance practice efficiencies and provide greater opportunity for growth. Our Team is dedicated to understanding your unique needs with an expertise geared towards your oral surgery practice. We look forward to partnering with you in achieving your goals.

Tim Sullivan, President
Henry Schein Dental

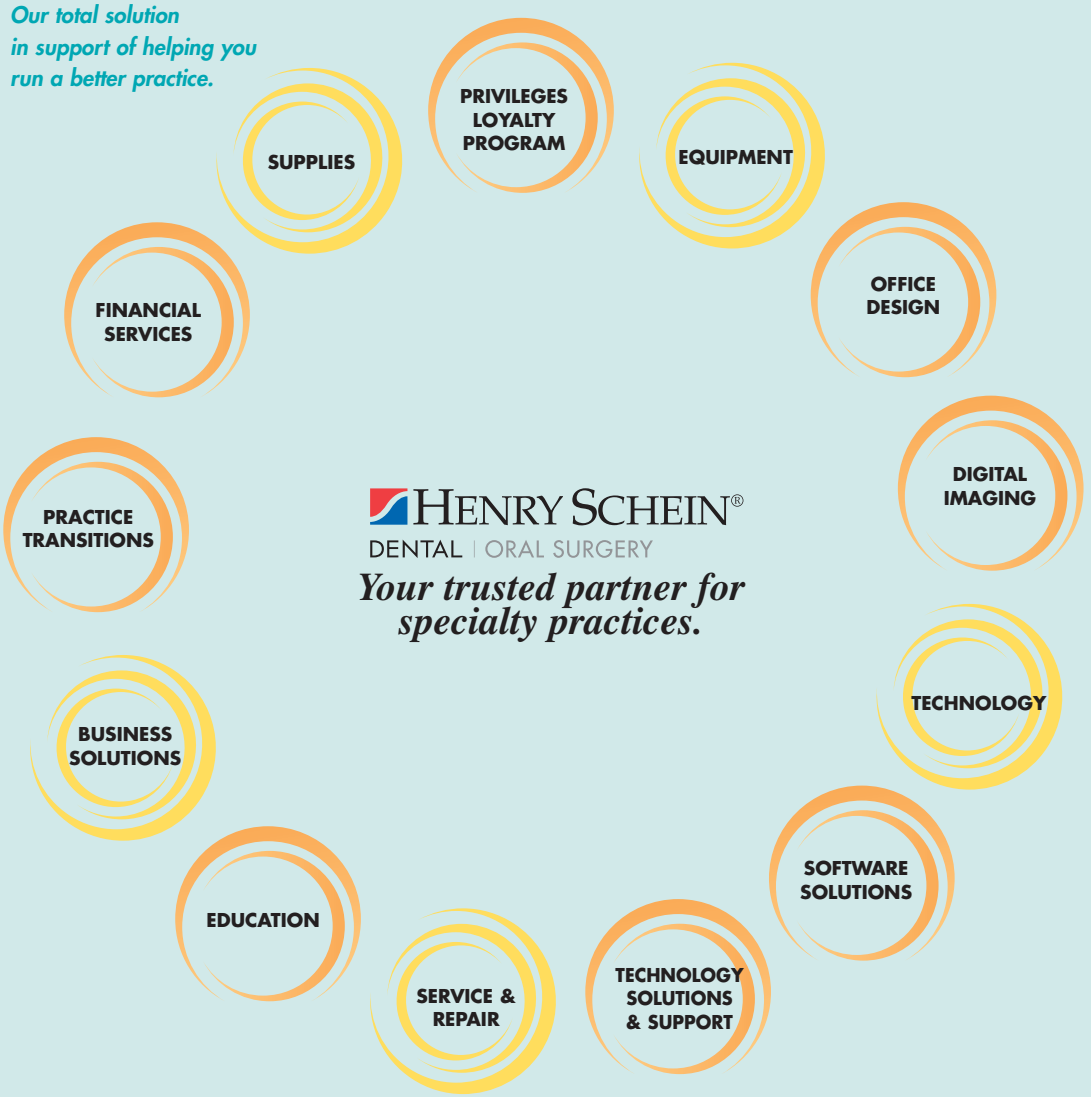

WHAT SETS US APART

Henry Schein can provide benefits to your oral surgery practice in ways you may not have considered. Our knowledgeable Sales Consultants work closely with you and your team to help maximize productivity, manage overhead, develop referral strategies, and attract new patients—all essential to operating a thriving surgery practice.

The comprehensive resources of Henry Schein are available to you via your experienced and professional local Sales Consultant and a network of experts – all working together to support you. Our team participates in ongoing training on practice management, oral surgery products, equipment, and technology to ensure we are continuously improving the support we can provide to you and your practice.

Henry Schein
TRUSTED PARTNER

Our total solution in support of helping you run a better practice.

THE FUNDAMENTALS

Henry Schein helps you deliver quality patient care with a comprehensive range of premium supplies and the latest, innovative exclusive products designed especially for oral surgery practices. To support the unique needs of oral surgeons, we carry an extensive offering of specialty products from Ethicon, Hu-Friedy, Camlog, ACE Surgical, and other leading manufacturers.

- *Over 100,000 products available*
- *99.7% fill-rate means almost no backorders, and reduced inventory in your office*
- *Orders ship the same day, and typically reach you the next day*
- *Easy electronic ordering systems to manage inventory and save time*

PHARMACEUTICALS

Pharmaceuticals have been an important focus since 1932, when Henry Schein opened his pharmacy in Queens, New York. With 80 years of experience, we are well equipped to service all of your pharmaceutical needs.

- *Over 6,400 brand name and generic pharmaceuticals plus OTC products–competitively priced*
- *Toll-free hotline, e-mail and Web site (with live chat) for quick answers on CPT and J codes, MSDS sheets, and more*
- *e222 online system to order Class II pharmaceuticals (eliminating the hassle of drug-ordering forms)*
- *Approved Distributor of Record (ADR)*
- *Full compliance with state Pedigree standards*
- *All Henry Schein distribution centers are VAWD-certified by the National Association of Boards of Pharmacy (NABP)*
- *First U.S. wholesale drug distributor to have entire distribution system accredited through the NABP*

ENHANCING YOUR EXPERIENCE

Our preferred clients benefit from exclusive services and "VIP" treatment as members of our **Privileges Program**.

- *Guaranteed emergency response time*
- *Priority service scheduling*
- *Extended labor warranties on new equipment*
- *Competitive pricing on supplies*
- *Valuable Privileges Rewards Points*
- *Discounts on equipment and technology, and more!*

FOCUS ON VALUE

SOFTWARE SOLUTIONS

Developed in partnership with the American Association of Oral and Maxillofacial Surgeons and a task force of practicing Oral Surgeons and office managers, **OMSVision** is a leading practice management system designed for the oral surgery practice. Fully customizable and template-driven, OMSVision consistently delivers industry firsts: embedded EMR (Electronic Medical Record), comprehensive implant management, and targeted features for any size practice, any number of locations. Virtual Scan Forms replace paper charts and endless files with one-screen access to a patient's entire visit. With OMSVision, you can:

- *Enable a true paperless practice*
- *Grow with a centralized database structure that scales to any number of locations and providers*
- *Stay cutting-edge with OMSVision ePrescribe, Kiosk, Mobile and other options*
- *Gain practice insight with user-defined reports*
- *Ensure HIPAA compliance and deter fraud with tiered security settings and detailed audit trails*
- *Network with OMSVision's expert community for ongoing training, best practices, and more!*

TECHNOLOGY SOLUTIONS & SUPPORT

Henry Schein **TechCentral** is the nation's leading provider of integrated technology solutions, professional services, and support for oral surgery and other specialty dental practices. TechCentral's experienced team provides:

- *Computer and telephone system planning and design*
- *Technology installation and support*
- *Practice-management and digital imaging implementation*
- *Unlimited support plans to diagnose and fix problems quickly*
- *On-site maintenance plans to keep your systems running smoothly*

OMSVISION®

Henry Schein

TOTAL INTEGRATION

EQUIPMENT & TECHNOLOGY

Your Sales Consultant, along with our Equipment and Technology Sales Specialists, provide the advice and guidance you need for equipment and technology to keep your oral surgery practice competitive and productive.

- *Surgical lights, chairs, and tables*
- *Patient monitoring equipment*
- *Dental lasers*
- *Cone beam 3D imaging*
- *Nitrous systems*
- *Sterilization equipment*
- *Easy financing options*
- *Office design services for remodeling, expansion, or new construction*

With the right environment, patient care is improved, and patients and staff enjoy increased comfort and satisfaction.

Henry Schein
INNOVATION

BUILD, REMODEL OR MOVE

Henry Schein Dental's **National Design Group** is dedicated to making your dream office a reality. Working in tandem with our national team of Equipment Sales Specialists, we will:

- *Create dental space plans for office remodeling, expansion and new construction*
- *Coordinate dental ergonomics and design elements to help your practice function efficiently*
- *Coordinate entire planning process with architects, contractors and manufacturers*

Your improved, modern office design may feature:

- *Comfortable consultation area where treatment plans can be discussed with patients using high-end technology*
- *Larger treatment rooms to help accommodate patients and staff during longer surgical procedures*
- *3-D Cone Beam alcove for more accurate diagnoses*
- *Central sterilization near recovery bay for easy monitoring of patients*
- *Recovery bay central to treatment rooms and also located near a private exit*
- *Sufficient storage for supplies and bulk items*

SERVICE & REPAIR

Henry Schein is the nationwide leader for on-site dental equipment services. Our professional manufacturer-trained technicians provide personalized, local service and are specially trained on dental equipment and its special requirements. When the unexpected happens, we'll respond quickly in emergency situations to keep your practice running smoothly. For handpiece and small equipment repair, you can rely on our **ProRepair** team to provide state-of-the-art technology and repair services, as well as warranties that are backed by Henry Schein, for your ultimate peace of mind.

FINANCIAL SERVICES

Henry Schein Financial Services specializes in helping to ensure your financial success. In addition to financing equipment purchases, practice acquisitions and startups, we support practices through demographic site analysis, low-cost credit card processing, convenient patient financing, and patient collections services. The Henry Schein credit card gives you 2% cash back on qualifying Henry Schein transactions, or you can redeem credits for airline travel, gift certificates, and merchandise.

SERVICE EXCELLENCE

Together, We're Helping Health Happen

Through participation in our Calendar of Caring programs, our valued customers have helped raise over $600,000 to help health happen!

Henry Schein Cares, our global corporate social responsibility program, is a source of pride for Team Schein Members around the world. Through many activities, we "help health happen" by expanding care to underserved populations.

One way our customers can assist the important work of Henry Schein Cares is through participating in our Calendar of Caring programs. Throughout the year, we offer special products for purchase, a portion of which will be donated to the Henry Schein Cares Foundation in support of health-related causes. *Together we can do more!*

HSC Henry Schein Cares Helping Health Happen | GLOBAL REFLECTIONS™ A Green Program For Healthcare Professionals | Healthy Lifestyles, Healthy Communities™ | THINK PINK

Make an impact!

Help us broaden access to health care around the world.

Please visit www.hscaresfoundation.org to make a donation or learn more about our programs.

Henry Schein Cares FOUNDATION

The Henry Schein Cares Foundation, is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Contributions are tax-deductible as provided by law.

Important Information About Purchasing Pharmaceutical Products

BEFORE YOU ORDER: CII The comprehensive Drug Abuse Prevention and Control Act requires that DEA form 222C accompany all orders for Schedule II pharmaceuticals. All items in our catalog indicated by CII require this form. When placing an order for Schedule II drugs, please adhere to the following:

Customer Instructions for Properly Completing 222 Forms

Required for all items indicated by CII

1. To: Henry Schein, Inc.
2. Street Address: 5315 W. 74th Street, City and State: Indianapolis, IN, Zip: 46268.
3. Date: Date you are filling out the form.
4. Order Details: MUST be filled in. If any part is left blank, the form will be returned to you for completion.
   - No. of Packages: The quantity of the drug being ordered (e.g., 1 x 10, 1 x 5).
   - Size of Package: The size of the drug being ordered (e.g., 20 mL, 10 x 5 mL).
   - Name of Item: The name and strength of the drug being ordered (e.g., Meperidine 25 mg./mL vial). List either brand or generic name—you CANNOT use *both* names on the form.
   - ONLY Schedule II or II-N items may be on the form; please enter all other items separately.
5. Last Line Completed: The line number that contains the LAST drug you are ordering. Do NOT skip any lines when completing form and use only one line per order. This field MUST be filled in. If this is left blank or incorrect, the form will be returned to you for completion (if blank) or replacement (if incorrect).
6. Signature of Purchaser or Attorney or Agent: You MUST sign this form. If the form is not signed, it will be returned for your signature. If it is signed by anyone other than the registrant, we must have a copy of the Power of Attorney form.
7. Name and Address of Registrant: Your preprinted address must match your currently registered address on your DEA Registration Certificate. NO alterations are permitted. Shipments of controlled substances must be sent to your current registered address only.
8. Sending Form: You must submit Supplier's Copy 1 *(brown)* ***and*** DEA Copy 2 *(green)* and the carbon between them to Henry Schein, Inc. at the above-noted address. If either of these copies is missing, the form will be returned for replacement. Please retain Copy 3 *(blue)* for your records.
9. Alterations or corrections to the form are NOT permitted: Absolutely **NO** part of the form may be altered or crossed out. If any part of the form is altered or crossed out, the form will be returned. A new, unaltered form must be submitted.
10. Please leave the National Drug Code blank until you receive your shipment. Once the ordered product is received, you should fill in the NDC, number of packages received and date.
11. Please contact our Class 2 order assistance at **1-800-532-0766** for product availability and form inquiries.

See Reverse of PURCHASER'S Copy for Instructions

No order form may be issued for Schedule I and II substances unless a completed application form has been received. (21 CFR 1305.04).

Note: Federal Order Form Required for Class II Drugs. DEA # Required For All Class III, IV & V Drugs. **See page 11 before ordering.**

HENRY SCHEIN®
DENTAL

Sign up for Electronic Schedule II Drug Ordering (e222)

Go to www.henryschein.com/e222 to learn more

Henry Schein customers now have the ability to order schedule 2 or 2N controlled substances electronically without the need for the supporting paper Drug Enforcement Administration (DEA) Form 222. Simply go through the steps needed to enroll in the DEA's CSOS application, download your digital certificate and set up your e222 ordering with Henry Schein.

To learn more: www.henryschein.com/e222

Not sure if going electronic is for you? Here are the top 10 reasons why you probably should:

1. **Ordering Freedom** – Order anytime, anywhere, from any computer with access to your stored DEA digital security certificate. And there is no line item limit for a single order.
2. **Faster Transactions** – Same day delivery of e222 form allows for next day delivery.
3. **Decreased Cost** – Order accuracy and decreased paper work result in lower transaction cost.
4. **Reduction in Inventories** – Faster transactions allow for just-in-time ordering and smaller inventories.
5. **Better Records Management** – e222 allows for simpler and faster reporting of transactions to the DEA. Eliminate the need for paper tracking with automated record retention.
6. **Go Green** – Less Paper is more sustainable and environmentally friendly.
7. **Better Order Accuracy** – Data entry errors can be corrected and the order is still valid—paper forms are invalid if over-written or have a strikeout. Provide better identification of the items you want to order by selecting the Henry Schein Item # or NDC #.
8. **DEA License Notification** – Instant notification if your DEA licensing is not up to date or valid for the product you are trying to order. This notification allows you to resolve DEA licensing issues upfront.
9. **Increased Ease of Use** - No more ordering and waiting for paper 222 forms. Easier form completion—prompts and selections decrease mistakes and eliminate wasted forms.
10. **Better Item Visibility** - Select from items currently available as stocking items. Receive instant feedback if desired item/strength/configuration is carried by Henry Schein.

Pharmaceutical prices may change due to manufacturer price increases. Orders will be billed at prices effective at time of order. Availability of pharmaceutical items are dependent upon manufacturers supply.

Note: Federal Order Form Required for Class II Drugs. DEA # Required For All Class III, IV & V Drugs. **See page 11 before ordering.**

PHARMACEUTICAL STORAGE

Narcotics Cabinet
Lakeside Healthcare
Double Door and Locks
- 2 high-security cam locks
- Heavy-duty, 20 Ga. steel construction
- 1 adjustable shelf
- 15"H x 12"W x 8"D

(120-2481).....Ea. **369.99**

Narcotics Cabinet
Harloff
Double Door, Dual Tubular Locks
The double door/double-lock design complies with state and federal regulations. The locks are coded in a nonrepeating sequence for total security.

Medium–Beige
(306-5509).....Ea. **209.99**

Emergency Crash Cart
Harloff
- Stainless steel breakaway locking system
- Full wraparound bumper comes standard on the 6400 and 6300 Series
- Stainless steel top rail/push handle comes standard
- on the 6400, 6401, 6300, 6301, E24–4EMS and E30–6EMS carts
- Drop shelf comes standard on the 6401, 6301, E24-4EMS and E30-6EMS carts
- The 6401, 6301, 3156EMS, 3154EMS, E24-4EMS, and E30-6EMS carts all come with an IV pole, oxygen tank holder, and cardiac board
- All come with a removable plastic top
- All-steel construction
- Ball-bearing, full-extension drawer slides
- Quick Ships within 72 hours, Red only, on the 6400, 6401, 6300, 6301, E24-4B, E24-4EMS, E30-6B, and E30-6EMS
- Powder coat finish in 12 colors
- 5-year warranty

#6400
(280-5287).....Ea. **1,149.99**

MEDICATION LABELS

Allergy and Medical Alert Labels
- Quickly identify patient's allergies and health risks
- Most labels wrap around the chart so they're visible when the chart is open and closed
- Brightly colored, pressure-sensitive, and adhesive-backed for easy application

$1\frac{1}{2}$"W x $\frac{7}{8}$"H
(367-1243).....250 per Roll **9.49**

PREVENT FRAUD!

We Have the Level of Security Features You Require

A

Premuim, Horizontal

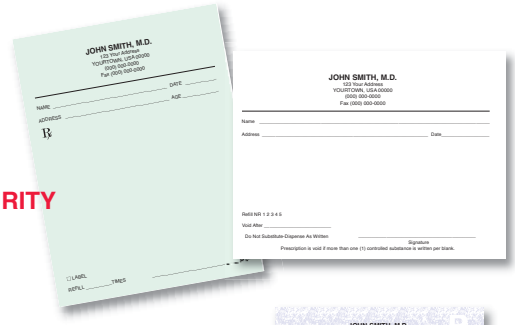

Premuim, Vertical

8 SECURITY FEATURES

Protective security features include:

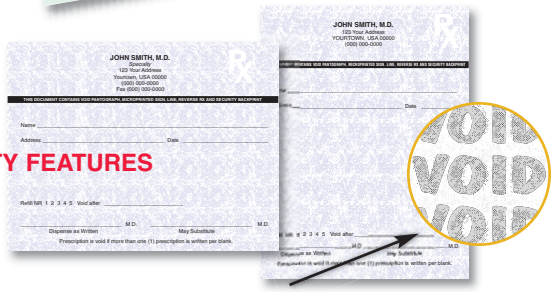

1. **Chemically Reactive Paper**–Changes color to indicate exposure to chemical solvents, oxidants, acids, or alkalis
2. **Heat-sensing Imprint**–Disappears when touched
3. **Invisible Fluorescent Fibers**–Appear only under black light
4. **Void Pantograph**–The word "void" appears when blanks are scanned or photocopied
5. **Microprint Safety Line**–Appears as a solid rule, but reads "Security Prescription" when magnified
6. **Reverse Rx**–Disappears if background color is lightened
7. **Security Features List**–The back of the blank lists security features to help deter fraudulent activity and to help officials determine authenticity
8. **"Security Prescription" Background**–The words "Security Prescription" appear as a continuous pattern across the back of the blank

B

NO SECURITY

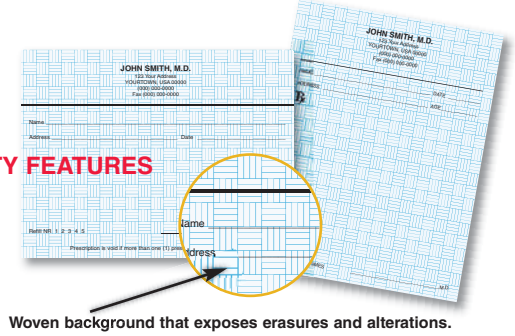

C

5 SECURITY FEATURES
(4, 5, 6, 7, 8)

The word "VOID" appears in a continuous pattern when photocopied.

D

3 SECURITY FEATURES
(1, 3, 5)

Woven background that exposes erasures and alterations.

Item #	Format	No. of Parts	Size	No. of Lines and Location	Paper Color	No. of Sheets	Price Per 10 Pads	2@	4@

MEDICAMENTS

Dry Socket Paste
Sultan Healthcare
Used to treat aleveolitis. Gives instant pain relief. Affixed to every bottle are hazard labels, MSDS and Universal Bar Coding.
(100-5312).....1 oz. **101.99**
Contains: Eugenol, balsam peru, guaiacol & chlorobutanol.

Periacryl® Tissue Adhesive
Glustitch
Hemostatic and bacteriostatic tissue adhesive used in periodontal surgical procedures, including gingivectomy, mucogingival flaps, biopsies, routine extractions and superficial oral ulcerations.
Preloaded Applicators.....12 per Pkg. **73.79**
Specify:
Violet–0.2 mL **(115-6173)**
Clear–0.2 mL **(115-6174)**
Multiuse Kit.....Ea. **70.49**
Specify:
Violet–5 mL **(115-6181)**
Clear–5 mL **(115-6182)**
Contains: 1–5 mL bottle & 50 pipettes.
Mini Kit.....Ea. **49.99**
Specify:
Violet–2 mL **(115-6183)**
Clear–2 mL **(115-6184)**
Contains: 1–2 mL bottle, 20 pipettes & 1 tray.

SOCKIT!®
Oral Hydrogel Wound Dressing
MCMP
All-natural, oral hydrogel wound dressing provides pain relief and wound management of all wounds, ulcers, and lesions of oral tissues. Can be applied directly to the affected area after extractions, implants, grafting, soft-tissue procedures, and with immediate dentures. Adheres to and protects tissue without the use of anesthetics, antibiotics, or drugs of any kind. Safe when swallowed.
10 Gm. Syringes
(173-0164) .....25 per Pkg. **239.99**

HEMOSTATIC PRODUCTS

HENRY SCHEIN®

RETREAT™ HEMOSTATIC GEL
Compare to Ultradent® Visco-Stat®
Viscous, 20% ferric sulfate gel. Stops excessive bleeding quickly while remaining gentle to tissue. Available in bulk delivery system for custom unit dosing, which reduces material waste and prevents cross contamination.
(900-4453).....Ea. **30.49**
Contains: 1–30 mL syringe, 20 tips & 20 empty syringes.

RETREAT™ HEMOSTATIC SOLUTION
Compare to Ultradent® Visco-Stat®
Aqueous, 15.5% ferric sulfate solution that is kind to both hard and soft tissue. Highly effective for immediate control of bleeding. Available in a bulk delivery system for custom unit dosing, which reduces material waste and prevents cross contamination.
(900-4455).....Ea. **30.49**
Contains: 1–30 mL syringe, 20 tips & 20 empty syringes.

RETREAT™ CLEAR HEMOSTATIC GEL
Compare to *Ultradent® Visco-Stat®*
Viscous, colorless, 25% aluminum chloride gel. Effectively stops minor bleeding without staining.
(900-4454).....Ea. **20.49**
Contains: 4–1.2 mL syringes & 20 tips.

ActCel Hemostatic Gauze–Coreva Health Sciences
Hemostatic agent made from regenerated cellulose. Upon contact with blood, it converts to a glucose gel that expands, causing direct pressure on blood vessels; clotting factor XII is activated to control bleeding. Water soluble: washes away or dissolves in a 1–2 week period.
2" x 2"
(357-6175) .....20 per Box **119.99**
2" x 4"
(357-1906) .....20 per Box **175.99**

BloodSTOP™ Hemostatic Gauze
Life Science Plus
Hypoallergenic treatment for hemostasis care. Made from biologically inert, naturally regenerated cellulose. Safely and quickly stops bleeding by interacting with blood platelets and fibrin to form a hemostatic matrix. Enough tensile strength to keep most wounds and lacerations together, and can stabilize bleeding and protect the wound from infection. Available in Regular (stops bleeding in roughly 65 seconds) and IX (stops bleeding in roughly 30 seconds).
Regular 2" x 2"
(641-9458).....20 per Box **97.99**
Regular–2" x 4"
(641-2898).....20 per Box **139.99**
IX–2" x 2"
(641-0871) .....12 per Box **246.99**
Mini Pads, 2cm x 2cm
(641-3581).....80 per Box **59.99**
IX–$^1/_2$" x 2"
(641-2739).....24 per Box **143.99**

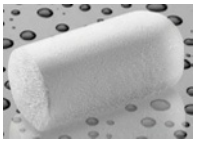

Gelfoam® Sponges
Pfizer
Sterile absorbable gelatin sponge. Indicated for use in oral and dental surgery as an aid in providing hemostasis. May be used either dry or moistened. Gelfoam should not be used in closure of incisions because of interference with healing.
Size 4
(908-3470).....Ea. **84.99**
Contains: Carton of 6 envelopes (2 sponges per envelope).

HeliCote™, HeliPlug™, HeliTape™
Absorbable Collagen Wound Dressings
Miltex
Hemostatic collagen material, derived from bovine tendon, helps control bleeding, develop blood clots and protect wound site. Promotes tissue in-growth by providing a "scaffold" around which tissue will grow. Absorbs into the body 10–14 days after placement to provide a fast recovery time for patients. Sterile. Individually packaged.

HeliCote™
For use when laying a mucosal flap or on palatal donor sites. Slightly thicker than HeliTape®.
$^{3}/_{4}$" x $1^{1}/_{2}$"
(953-2721).....10 per Box **114.99**

HeliPlug™
Its cylindrical shape is ideal for extraction and biopsy sites.
$^{3}/_{8}$" x $^{3}/_{4}$"
(953-2723).....10 per Box **104.99**

HeliTape™
Its flexibility makes it ideal for minor oral wounds and for covering graft sites.
1" x 3"
(953-2720).....10 per Box **159.99**

Resorbable Collagen Materials
ACE Surgical
RCP Resorbable Collagen Plug
Fully absorbable. Ideal for applications in minor oral wounds and extraction sites. Controls bleeding due to the intrinsic hemostatic properties of collagen fiber. Sterile. 1cm x 2cm.
(109-2177).....10 per Box **98.99**

RCF Resorbable Collagen Foam
Provides an excellent matrix to assist in wound healing. Fully absorbable. Establishes a matrix for tissue ingrowth. Protects the oral wound bed. Sterile. 2cm x 4cm, 3mm thick.
(109-2175).....10 per Box **109.00**

RCT Resorbable Collagen Tape
Ideal for applications in minor oral wounds. Aids in the repair of the Schneiderian membrane. Controls bleeding due to the hemostatic properties of the collagen fiber. Sterile. 2.5cm x 7.5cm, 1mm thick.
(109-2176).....10 per Box **149.99**

SURGICEL™ Absorbable Hemostat
Johnson & Johnson Wound Management
Sterile, absorbable, flexible sheer weave conforms to irregular surfaces. Absorption within 7–14 days. $^{1}/_{2}$" x 2". Individual packets.
#101955
(654-0029).....Ea. **25.99**

SURGIFOAM™
Absorbable Gelatin Sponge, U.S.P.
Johnson & Johnson Wound Management
Gelatin hemostatic, sterile and water-soluble sponge specifically designed and packaged for oral surgery. Porcine-gelatin-absorbable sponge intended for hemostatic use by applying to a bleeding surface. Easy to handle: compressible and does not require any cutting. Ideal cube shape and size. Absorbs up to 40 times its own weight. Bioresorbable.
1cm x 1cm x 1cm #1969
(654-7781).....24 per Box **101.99**
2cm x 6cm x 7cm #1972
(654-5663).....12 per Box **84.99**

ClearView
Single-Use Nasal Hoods
Accutron
Single-use nasal hood-in-hood for the delivery of nitrous-oxide conscious sedation. The only nasal hood that demonstrates "breathing through the nose" respiration (condensation appears in the clear hood). Offers a low profile for expanded field of view. Soft inner hood creates a good seal around the patient's nose and helps minimize ambient nitrous oxide. Fits other brands of scavenging circuits. Available in a variety of scents and colors. Recyclable and latex-free.

Pediatric.....12 per Box **60.99**

Specify:

Unscented	**(128-0025)**
Outlaw Orange	**(128-0026)**
Sassy Strawberry	**(128-0027)**
Birthday Bubblegum	**(128-0028)**
Groovy Grape	**(128-0029)**

Adult .....12 per Box **60.99**

Specify:

Unscented	**(128-0020)**
Outlaw Orange	**(128-0021)**
Sassy Strawberry	**(128-0022)**
French Vanilla	**(128-0023)**
Fresh Mint	**(128-0024)**

Dynomite™ Nasal Hoods–Matrx
Scented, single-use, latex-free nasal hoods provide a soft and snug fit. Packaged with a colorful cartoon sticker.

Nasal Hoods.....24 per Box **77.99**

Specify:

Small Bubble Gum	**(564-0746)**
Small Strawberry	**(564-4504)**
Small Orange	**(564-7745)**
Small Vanilla	**(564-7198)**
Small Assorted	**(564-1043)**
Medium Assorted	**(564-4294)**
Large Assorted	**(564-5029)**
Large Plain	**(564-7587)**

Nitrous Scavenger Circuits and Liners–Porter Instrument
Comfortable, quiet, and latex-free, the unique mask-within-a-mask design allows the patient to receive the proper amount of oxygen and N_2O with normal respiratory effort. Designed to solve the problem of exposure to N_2O. The mask includes easy-to-remove inner liners that simplify cleaning and sterilization.

Adult Scavenger Circuit with In-Line Vacuum Control Kit #5155-1
(553-1797).....Ea. **499.99**
Contains: In-line vacuum control kit, tubing, nosepiece & 3 autoclavable liners.

Adult Scavenger Circuit Without Vacuum Control #5155-3
(170-1385).....Ea. **419.99**
Contains: Nosepiece, tubing & 3 autoclavable liners.

Pedo Scavenger Circuit with Inline Vacuum Control Kit #5155-2
(553-9978).....Ea. **496.99**

Scavenger Mask Kit .....Ea. **189.99**
Specify:
Adult Mask Kit #5054A **(553-6118)**

Pharmaceuticals have been an important focus since 1932, when Henry Schein opened his pharmacy in Queens, New York. With 80 years of experience, we are well equipped to service all of your pharmaceutical needs.

As an Approved Distributor of Record (ADR), Henry Schein has access to over 125 pharmaceutical manufacturing partners. This allows us to source products from a broad spectrum of providers, ensuring the product availability and selection with a portfolio consisting of 6,400+ brand and generic pharmaceuticals plus OTC products.

See pages 10–21 for our offering of pharmaceuticals to meet your needs!

THE SYNTHETIC SOLUTION TO BONE REGENERATION

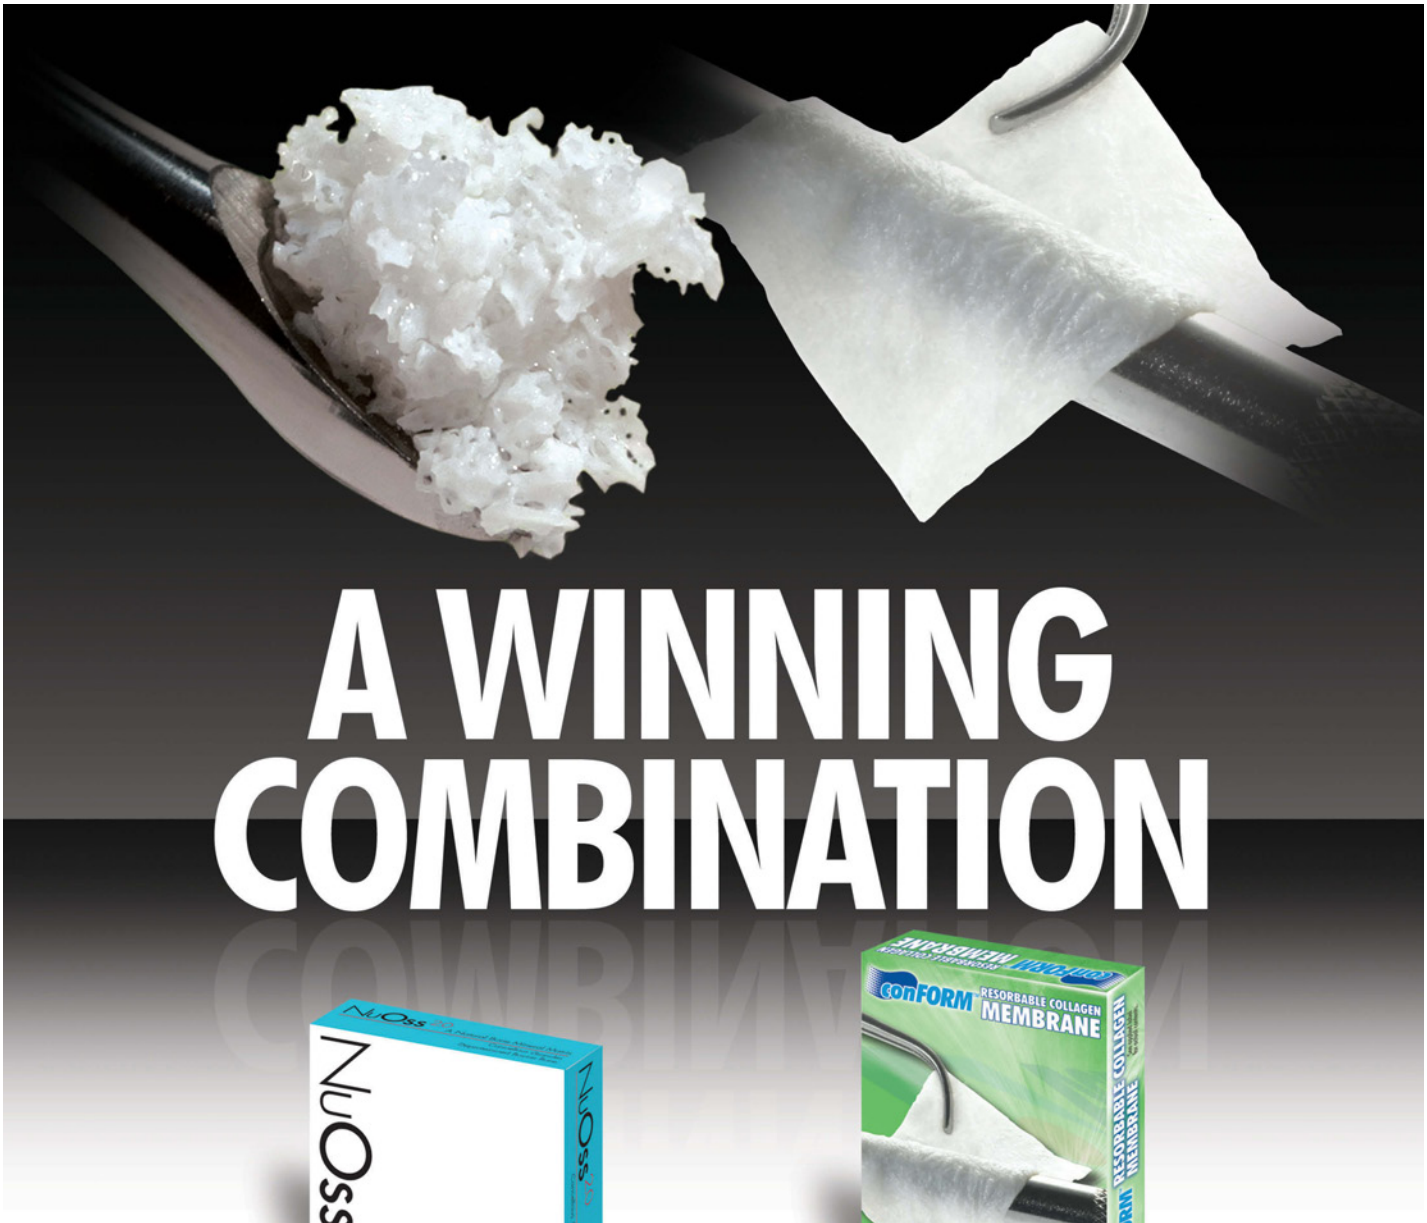

NOVABONE®
DENTAL PUTTY

NOVABONE® is the only dental bone graft putty that is completely synthetic with excellent and reliable bone formation characteristics. It is indicated primarily for implant related surgeries including but not limited to sinus elevation surgeries, extraction sockets, ridge augmentations, etc. Putty does not require mixing as it is dispensed in a pre-mixed state ready for implantation!

NovaBone Dental Putty is available in multiple delivery mechanisms including syringes, shells & cartridges. The consistency and formulation of the putty is identical in the various delivery systems.

See page 31 for ordering information.

A WINNING COMBINATION

NuOss2.0 is a natural porous bone mineral matrix. It is produced by removal of all organic components from bovine bone. Due to its natural structure the anorganic bone mineral of NuOss2.0 is physically and chemically comparable to the mineralized matrix of human bone. It is available in cancellous (spongiosa) granules.

***conFORM™* RESORBABLE COLLAGEN MEMBRANE** is highly purified Type 1 bovine collagen. Its zero memory characteristics allow it to conform to any surgical site when it becomes hydrated. conForms resorbability eliminates the need for a second surgery.

See pages 29–30 for a complete product listing.

ACE Surgical Supply Co., Inc. — A Complete Dental Solution.

BONE GRAFTING

NEW!

NuOSS™ 2.0 Cancellous Granules–ACE Surgical

Deproteinized bovine bone. Provides more volumetric fill per gram. Allows for maintaining the naturally occurring bone mineral structure, including macro- and microstructures. Maximizes the space for new bone ingrowth and associate vascularization. Natural porous bone mineral matrix, produced by removing all organic components from bovine bone. Comparable to the mineralized matrix of human bone. Offers improved handling, particle distribution, particle structure, porosity and value.

NuOss™ XC Expandable Composite–ACE Surgical

Composite grafting material comprised of mineralized, deproteinated bovine granules and purified type-1 bovine collagen. When placed into a bleeding site, the material expands to a predetermined size and shape. Supports bone growth in periodontal and oral maxillofacial defects. Easy to place, prevents particle migration, and saves time.

NuOss ™ DS Delivery Syringes–ACE Surgical

A natural bone-mineral matrix-delivery syringe system. Cancellous granules in a preloaded delivery syringe for ease of product placement. Natural, porous bone-material matrix, produced by removing all organic components from bovine bone. Due to its natural structure, NuOss is physically and chemically comparable to the mineralized matrix of human bone. Recommended for augmenting the alveolar ridge; filling periodontal defects, extraction sites, and peri-implant defects; and elevating the maxillary sinus floor.

NuOss™ Collagen–ACE Surgical

Natural bone substitute made up of cancellous granules mixed with approximately 5% of bovine collagen. Promotes bone growth in both periodontal and maxillofacial defects. Ideal for ridge and socket preservation. Recommended for augmentation of the alveolar ridge, filling of extraction sockets, filling peri-implant defects and elevation of the sinus floor. Collagen combines the mineral properties and space maintenance of NuOss™ particulate, with the added benefit of the excellent wound healing properties of collagen. Sterile.
6mm x 7mm x 8mm (0.3cc)

(109-8438) .....Ea. **237.99**

$CaSO_4$ Calcium Sulfate–ACE Surgical

Medical-grade, calcium-sulfate material designed to be used in bone regeneration. Keeps other graft materials together in putty form for easy handling. Inhibits nonosteogenic cells. Easy to set up and place. Totally resorbable.
0.5 Gm. Kit
(111-8200).....Ea. **32.49**
Contains: 0.5 Gm. calcium-sulfate powder & regular-set liquid.
1 Gm. Kit
(111-7286).....Ea. **37.49**
Contains: 1 Gm. calcium-sulfate powder & regular-set liquid.

alloOss™ Allograft Block–ACE Surgical

Mineralized human bone in a corticocancellous block for restoring bone volume in severely resorbed ridges without harvesting autogenous block graft from the patient. Cortical component provides strength and rigidity of the graft with volume enhancement. Cancellous component offers rapid healing and revascularization of the graft. Maintains strength and volume with rapid remodeling. Total healing time in 5–6 months.
18mm x 6mm x 8mm

conFORM Resorbable Collagen Membrane–ACE Surgical
Type-1 bovine collagen that easily adheres to any surgical defect naturally. "Zero memory" characteristics make it an ideal membrane for guiding the healing of bone and surrounding tissue. Once moistened, the native collagen fibers found within the membrane adapt and adhere effortlessly to the surgical site. Predictable resorption time of 4–6 months. Sterile.
15mm x 20mm
(109-9383) .....Ea. **104.99**
20mm x 30mm
(109-6584) .....Ea. **128.99**
30mm x 40mm
(109-8764) .....Ea. **209.99**

RCM6 Resorbable Collagen Membrane–ACE Surgical
Guides healing of bone and surrounding tissue. Predictable resorption time 28–36 weeks. Cell occlusive, designed to retard and/or prevent tissue growth. Unique fiber orientation to provide high-tensile strength for *in situ* stability of membrane. Easy to use, allows for either side to be placed against the site. 0.3mm thick. Sterile.
15mm x 20mm
(109-2172) .....Ea. **85.99**
20mm x 30mm
(109-2173) .....Ea. **104.99**

(115-0071) .....Ea. **47.49**

Socket Preservation Kit–ACE Surgical
Perfect kit for single-tooth extractions. Designed to make socket preservation convenient and successful each and every time.
Complete Kit
(110-9222) .....Ea. **189.99**
Contains: 3-0 violet braided PGA suture, DS18 needle, 15mm–20mm ConFORM™ resorbable collagen membrane, resorbable collagen plug & 0.5 Gm. NuOss cancellous granules.

Resorbable Collagen Materials–ACE Surgical

RCP Resorbable Collagen Plug
Fully absorbable. Ideal for applications in minor oral wounds and extraction sites. Controls bleeding due to the intrinsic hemostatic properties of collagen fiber. Sterile. 1cm x 2cm.
(109-2177) .....10 per Box **98.99**

RCF Resorbable Collagen Foam
Provides an excellent matrix to assist in wound healing. Fully absorbable. Establishes a matrix for tissue ingrowth. Protects the oral wound bed. Sterile. 2cm x 4cm, 3mm thick.
(109-2175) .....10 per Box **109.99**

RCT Resorbable Collagen Tape
Ideal for applications in minor oral wounds. Aids in the repair of the Schneiderian membrane. Controls bleeding due to the hemostatic properties of the collagen fiber. Sterile. 2.5cm x 7.5cm, 1mm thick.
(109-2176) .....10 per Box **149.99**

ACE Autografter™ ACE Surgical
Simple method for obtaining autogenous bone designed to filter and retain particles of bone that have been suctioned along with standard irrigation during surgery. The graft may be obtained for almost any bone site. Collected graft material can be used either in a wet amorphous form or a compressed osseous particulate. The drier particulate, which is easier to handle, can be obtained by compressing the collected material in a screen with the titanium plunger. This forces out moisture through the screen.
Start-Up Kit
(109-2179) .....Ea. **315.99**
Contains: 1 autoclavable ACE autografter, 1–18cc 4mm HVAC suction tip at 45° angle, 1–4¼" 11cm titanium plunger & 10–12cc capacity sterile disposable screen assembly/baskets.
Screen Assembly/Basket
Disposable, sterile, and has a 12cc capacity.
(109-2178) .....10 per Box **93.99**
Square Titanium Bowl
50mm x 50mm–12mm Deep
(115-0072) .....Ea. **74.99**

AlloGro Demineralized Bone Matrix
Allo Source
The only demineralized bone matrix (DBM) that is routinely assayed for osteoinductive activity, unlike other DBMs. Uses human cells to demonstrate osteoinductive characteristics that help eliminate the hit-or-miss process of stimulating healing.
125–710 Microns (µ)

Bioplant®–Kerr
Patented, slowly resorbable, calcium-hydroxide-coated copolymer that promotes new bone growth. Synthetic bone alloplast eliminates concerns about potential disease transmission from allografts and xenografts. Prevents dry socket, bleeding, and 40% to 60% of postop bone loss. Ideal bone substitute for socket grafting and ridge augmentation. Packaged in easy-to-use sterile syringes.
Curved–0.25 Gm. Syringe

Try-and-Buy Pack
(123-2895) .....6 per Pkg. **479.99**
Contains: 6 prefilled & 1 box of 2 prefilled 0.25 Gm. curved sterile syringes.

Foundation®–J. Morita
Revolutionary collagen-based bone filling augmentation material for use after teeth extractions. Provides support for implants, bridges, and dentures. Surrounding cells and capillaries infiltrate Foundation™ for accelerated new bone growth and faster healing. Bullet shape for easy placement in extraction sockets.
Small
(721-2858) .....10 per Box **439.99**
Medium
(721-9426) .....5 per Box **439.99**
Assorted
(721-0136) .....6 per Box **439.99**
Contains: 3 small & 3 medium sizes of Foundation bone material.

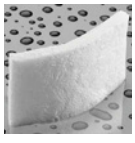

HeliMend™ Collagen Membrane–Miltex
Absorbable collagen membrane made from purified bovine tendon. Provides wound stabilization and creates space during guided tissue regeneration procedures where a longer absorption rate is desired. Pliable and does not become slippery when hydrated, making it easier for user to place over the surgical site. Sterile.

Absorbable
Absorbed in 4 to 8 weeks.
15mm x 20mm
(953-3895) .....Ea. **79.99**
20mm x 30mm
(953-3896) .....Ea. **99.99**

HeliCote™, HeliPlug™, HeliTape™
Absorbable Collagen Wound Dressings
Miltex

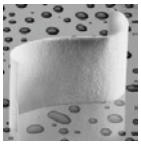

Hemostatic collagen material, derived from bovine tendon, helps control bleeding, develop blood clots and protect wound site. Promotes tissue in-growth by providing a "scaffold" around which tissue will grow. Absorbs into the body 10–14 days after placement to provide a fast recovery time for patients. Sterile. Individually packaged.

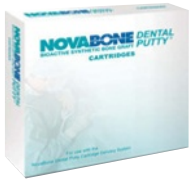

HeliCote™
For use when laying a mucosal flap or on palatal donor sites. Slightly thicker than HeliTape®.
¾" x 1½"
(953-2721) .....10 per Box **114.99**

HeliPlug™
Its cylindrical shape is ideal for extraction and biopsy sites.
⅜" x ¾"
(953-2723) .....10 per Box **104.99**

HeliTape™
Its flexibility makes it ideal for minor oral wounds and for covering graft sites.
1" x 3"
(953-2720) .....10 per Box **159.99**

Novabone® Dental Putty
Novabone
Osteoconductive, bioactive bone-grafting material. Maintains graft-material cohesion. Actively stimulates bone growth. Contains a binder that helps maintain space between the Bioglass® particles to allow for vascularization, tissue growth, and new-bone formation. Putty goes straight from package to placement site and is more malleable for easier control. Forms tightly around implant's treads and exisiting bone structure. New unidose cartridge delivery system simplifies the delivery of graft to the site.

PerioGlas® Dental Bone Graft Material
Novabone
Synthetic bone-grafting particulate made from calcium, phosphorus, sodium, and silicon. Aids in regenerating bony tissue that has been lost as a part of a disease process. Bonds to both bone and soft tissue. Used for ridge augmentation, extraction sites, implant preparation and placement, graft extenders, cystic cavities, and sinus lifts.
0.5cc Cups
(115-0093) .....2 per Pkg. **119.99**
(115-0094) .....6 per Pkg. **309.99**

BONE GRAFTING (Cont'd)

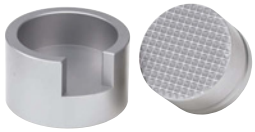

R.T.R. (Resorbable Tissue Replacement) Septodont
Resorbs, regenerates and restores. Sterile, resorbable bone substitute made from beta tricalcium phosphate. Designed for replacement of bone loss, periodontal defects, ridge augmentation and postextraction preservation. Microporous, radiopaque, strong and durable.
0.8cm Syringe–Curved
(228-1746) .....Ea. **94.99**
Bone Packing Instrument–Double End
(228-2564).....Ea. **79.99**

ACE Bone Mill–ACE Surgical
Easy and fast grinding of autologous cortical-bone material. Particle size depends upon rotation and pressure. Slower rotation and more pressure on the cap leads to bigger bone particles. Bone chips can immediately be used for bone augmentation and reconstruction of defects. Can be steam sterilized at 135°C.
(115-0074) .....Ea. **779.99**

Bone Basin–Miltex
Weighted bottom that prevents tipping during mixing of bone and other materials.
(953-6823).....Ea. **45.99**

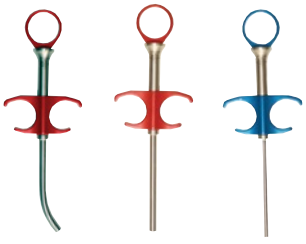

Bone Grinder–Miltex
Used in conjunction with a mallet to grind bone.
(953-5123).....Ea. **158.99**

ACCESSORIES

Disposable Osseous Bone Collector Osseous Technologies of America
Fast and easy way to collect valuable autogenous bone that can be used to correct small defects around dental implants and periodontally compromised teeth. Unique shut-off valve to prevent bone from drying out. Sterile, single use, and comes with 2 filters.
(561-0189).....10 per Box **132.99**

Bone Funnels–A. Titan
Stainless steel instruments designed to carry and pack bone material. Thumb rings are color coded to indicate size: blue holds 1.5cc of bone material; red holds 2.0cc of bone material; and black holds 2.6cc of bone material. Graft material loads at both ends to prevent clogging.

A Cut Above The Rest!

The fastest cutting burs engineered for Maximum Strength and Durability to save you time and money.

ORAL SURGERY BURS

Bone Removal Third Molar Sectioning

Innovative Design...
Our most recent design improvement is the 1703. This combines the sculpting ability of a round bur with a high performance 703 sectioning bur. Now you can have the best of both worlds in one bur.
At SS White we are constantly striving to exceed your expectations.

- Manufactured to exceed ISO specifications for quality and consistency.
- Packaged sterile for safety and convenience.
- **Compatible with all popular handpieces including Stryker®, Hall® and MicroAire®.**

Reduced Clogging: SS White's unique blade geometry allows for more effective bone and tooth removal discharge creating a more efficient instrument.

More Efficient Cutting: Faster cutting by design, SS White Oral Surgery burs save time for all surgical procedures.

Reduced Bur Breakage: Internal testing show that SS White burs consistently outperform all competitive burs in neck strength, significantly reducing bur breakage.

Packaged Sterile: For your convenience and safety, SS White Oral Surgery burs shank 1-6† come in a single sterile package.

†Sterile HP Shank #1 Burs are Special Order, require a 45 day lead time with a 50 pack (500 burs) minimum order. Non-sterile HP Shank #1 Burs are available in 10-Packs and 100-Packs with no minimum order quantities.

Hall® is a registered trademark of Zimmer, Inc.; Stryker® is a registered trademark of Stryker Instruments; MicroAire® is a registered trademark of MicroAire Surgical Instruments, Inc.*

NON-WOVEN SPONGES (Cont'd)

OPEN WEAVE

Premium Non-Woven Sponges–Crosstex
Manufactured from 50-Gm.-weight, nonwoven material (65% rayon/35% polyester). Provides maximum absorbency and patient comfort. Ideal for sustained patient use, disinfecting of surfaces, and/or general cleaning of instruments. Soft, smooth, and virtually lint-free, with little or no adhesion to wounds. Made in the USA. Latex-free. 4-ply.

4" x 4"
(107-3474) .....2000 per Case **99.99**

Ultra Gauze™ Sponges–Crosstex
Manufactured from the same material as J&J NuGauze, this patented APEX R-formed, nonwoven material provides more absorbency with little or no linting. Ideal for use on incision/extraction sites—will not adhere to wounds—as well as many other daily, routine operatory functions. Unique, special weave creates a strong, yet soft sponge that consistently maintains its shape and texture. Made in the USA. Latex-free. 4-ply.

EMERGENCY KITS & COMPONENTS

Mobile ACLS® Emergency Medical Kit HealthFirst

Mobile advanced cardiac life support allows rapid response and access to a complete set of medications and devices to sustain Basic Life Support, Advanced Cardiac Life Support (ACLS), or Pediatric Advanced Life Support (PALS) for up to 30 minutes. Medications and devices are organized in sections, compartments and trays, all clearly labeled and categorized into key areas of care. Enables responder to immediately assess and treat the patient without searching for devices and medications. Lightweight, aircraft-grade aluminum frame, reinforced by heavy-duty water-resistant nylon and internal impact-resistant medication storage trays.

Complete Kit
(624-0066).....Ea. **1,449.99**

Contains: 3 small oropharyngeal airways (1 of each: 60mm, 80mm & 100mm), 2 cuffed endotracheal tubes with stylets (1 of each: 5mm & 7mm), 1 adult CO_2 detector, 2 laryngoscopes with Mac 2 blades (1 of each: small & large), 1 laryngoscope handle with AA battery, 1 RQV adult handheld suction unit, 1 sterile Yankauer flange suction tip, 1 pair of 10" Magill forceps, 2 Ambu® SPUR resuscitators with masks (1 of each: adult & toddler), 1 Resuscitator Microshield CPR mouth barrier, 4–1½" Vanishpoint syringes (2–3cc of each: 21 Ga. & 20 Ga.; 2–10cc of each: 21 Ga. & 20 Ga.), 1–15-drop 84" IV administration tubing, 2–1" IV safety catheters (1 of each: 20 Ga. & 22 Ga.), 1–4" x 4" gauze pad, 1 rolled 2" gauze bandage, 2–3" x 3" gauze sponges, 1–3" x 5 yd. ACE compression bandage, 1–1.6 mL Chlorascrub Swabstick, 1 pair of clear large safety glasses, alcohol wipes, 1 pair of large nitirile gloves, 1 instrument package (1 pair of 5¼" Mayo-Hegar needle holders, 1 pair of 6¾" curved Mayo scissors, 2 pairs of 5½" curved Kelly forceps & 1 dressing thumb forceps), 1 scalpel, 1 adult sphygmomanometer with Velcro® cuff, 1 single-head stethoscope, 1 Vicryl 2-0 suture, 1 Prolene 4-0 suture, 1 hypoallergenic paper tape, 1–18" latex-free tourniquet, 1 MAD Nasal Mucosal Atomization device, 2–1 mL vials of diphenhydramine (50 mg./1 mL), 3 ammonia inhalants, 2–500 mL sodium chloride 0.9%, 2–325 mg. aspirin 2-packs, 1–0.4 mg. nitroglycerin tablet (1/150 gr.), 1 albuterol inhaler, 4 security seals, 1 Solu-Medrol AOV 25 (125 mg./2 mL), 2–25 mg. diphenhydramine capsules, 2 epinephrine auto-injectors (1 of each: 0.15 mg. pediatric & 0.3 mg. adult), 2–1 mL ampules of epinephrine (1:100, 1 mg./mL), 1–4 mL adenosine vial (3 mg./mL), 2–3 mL ampules of amiodarone (50 mg./mL), 2–10 mL atropine sulfate PF syringes (0.1 mg./mL), 2–10 mL epinephrine PF syringes (1:10,000), 2–5 mL lidocaine 2% PF syringes (20 mg./mL), 1–10 mL ovasopressin vial (20 units/mL), 1–2 mL verapamil vial (2.5 mg./mL), 1 pediatric 10 mL dextrose 25% PF syringe (250 mg./mL), 1 adult 50 mL dextrose 50% PF syringe (500 mg./mL), 1–10 mL flumazenil vial (0.1 mg./mL), 1–31 Gm. Insta-Glucose gel tube, 2–1 mL vials of naloxone (0.4 mg./mL), 2–2 mL vials of ondansetron (2 mg./mL), 1–2-mL iSecure™ syringes of midazolam (1 mg./mL), 1 O_2 mask with strap, 1 O_2 tubing per 7' roll, 1 Mobile ACLS quick-reference card, 1 Mobile ACLS contents card & 1 Kickstand WARNING label.

AED UNITS

Powerheart® AED G3 Automatic–Cardiac Science

Simplifies rescue process by eliminating need to press a shock button. Once pads are attached to patient, device detects and analyzes heart rhythm, and if life-threatening rhythm is detected, a shock will be delivered. Displays written instructions to guide user through rescue process. Rescue-Ready technology performance for daily, weekly and monthly self-tests on battery, electronic systems, and pads virtually guarantees rescue performance. Instructive voice prompt guide features outstanding clarity. 7-year AED warranty, 4-year lithium battery warranty, and 2-year shelf life on pads.

Complete Package
(110-2293).....Ea. **1,849.99**
Contains: 1 unit, 2 pairs of adult defibrillation pads, 1 lithium battery, 1 software CD, 1 serial communication cable, 1 soft-sided carry case & 1 ready kit.

Lifeline AED–Defibtech

Designed for speed and simplicity. Uses biphasic defibrillation–the most effective at resuscitating in ventricular fibrillation (the most common form of sudden cardiac arrest). Text, lights, and voice instructions guide responder step by step through the life-saving process. Electrode pads are stored in back pocket, ready to apply. "Power On" and "Shock" buttons are oversized and brightly lit. Lightweight and durable: (4.2 Lb.). Has a 5-year limited AED warranty, a 3-year warranty on the battery pack, a 1-year warranty on the 9V lithium battery, and a 2-year shelf life on the defibrillation pads.

Complete Package
(499-1362).....Ea. **1,199.99**
Contains: 1 unit, 1 battery pack, 1 set of defibrillation electrodes, 1–9-volt status indicator battery, 1 quick-use card & 1 user manual.

AEDPlus® Defibrillator–Zoll Medical

The first and only AED that can deliver a defibrillating shock along with Real CPR Help® technology that provides rescuers real-time feedback for both rate and depth-of-chest compressions during CPR. Uses a 1-piece electrode pad that lasts 5 years and makes electrode placement fast and accurate. Supports the AHA's Complete Chain of Survival, with easy-to-understand audio prompts and illustrations. Its rugged design resists dust and direct water spray. Powered by 10 lithium batteries.
7-year warranty.

Complete Unit
(866-7559).....Ea. **1,649.99**
Contains: 1 AEDPlus® unit, 1 ECG display, 1 set of adult electrodes (CPR-D pads), 1 sleeve of batteries, 1 carrying case & 1 owner's manual.

Reusable Silicone Resuscitator
Mada Medical

Applicable for home, hospital, and emergency use. Features a folding bag for easy storage, and a silicone mask in 3 sizes that is completely autoclavable and latex-free. One-piece diaphragm requires no assembly. With reservoir and safety valve.

Resuscitator.....Ea. **99.99**

Specify:
Adult **(923-1432)**
Pediatric **(923-1434)**

CPR Microshield™
Rescue Breather–MDI

The Microshield is a disposable, inexpensive protective barrier between the rescuer and victim during CPR. Its unique 3-piece, one-way valve is fitted into a rigid plastic tube surrounded by 25 square inches of clear, medical-grade vinyl. Rigid oval-shaped airway serves also as a bite block. Convenient vinyl pouch fits easily in the rescuer's pocket or first aid kit. Simple to use, Microshield reduces the risks of dangerous cross contamination.

(372-9613).....Ea. **6.39**

OXYGEN UNITS & ACCESSORIES

Emergency Oxygen System
HealthFirst

A portable oxygen system that is dedicated to emergency response, the Basic Emergency Oxygen System contains an E-size oxygen cylinder (holds 680 liters) to provide up to 30 minutes of oxygen supply for the patient and has positive-pressure capability for resuscitation.

Complete Unit
(624-0063).....Ea. **299.99**
Contains: 1 prefilled E-cylinder, 1 variable regulator, 2 supplemental O_2 masks (adult & child), 1 hose & nasal cannula.

Mobile Oxygen Cart with Rack for Emergency Kit
Wheeled cart provides mobility to E-size oxygen cylinders and SM-Series or HM-Series Emergency Medical Kits.

i-CAT® Technology

Two Award-Winning Cone Beam 3D Dental Imaging Systems

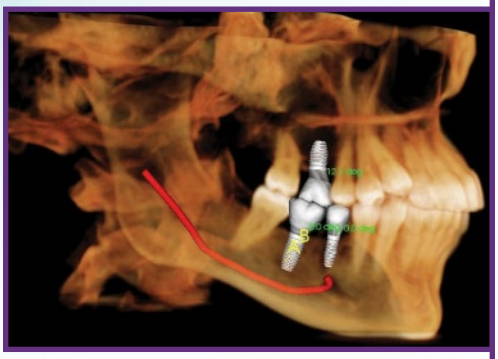

i-CAT® **Next Generation™** is the Cone Beam 3D solution for orthodontics, airway & TMJ, oral & maxillofacial surgery, implants and restorations. Plan and treat accurately and efficiently with i-CAT's exclusive Tx STUDIO™ software tools.

i-CAT® Precise™ is the Cone Beam 3D + 2D Panoramic imaging solution for general dental practitioners and specialists who want to place and restore implants, perform surgical procedures, and simply provide better, more confident care with greater efficiency and patient engagement than ever before.

Powerful Treatment Tools

Exclusive Tx STUDIO software suite is the only software bundled with a Cone Beam 3D unit that does everything from diagnostics to implant, restoration, surgical and orthodontic treatment planning.

More Clinical Control

Clinically-driven image and dose control technology delivers high definition, low-dose scans quickly and easily every time. Customizable scans based on patients' unique case needs.

Fastest 3D Workflow

Capture all diagnostic images in 4.8 seconds and complete treatment planning within minutes with greater accuracy and efficiency.

i-CAT Network & Industry-Leading Technology

Highly specialized service and support with the strength of a 3D focus and exclusive access to impressive educational programs.

Add CO_2 monitoring to protect your practice and patients.

- Vital signs monitor for IV sedation or post procedure recovery.
- All monitor configurations include 3/5 lead ECG, heart rate, noninvasive blood pressure measurement, SpO_2, temperature, respiration, and nurse call interface. Add $ETCO_2$, arrhythmia and ST analysis printer for a more advanced system.
- CO_2 monitoring during conscious sedation is becoming the standard of care, make sure you are doing everything you can to ensure patient safety.

Build, Remodel or Move

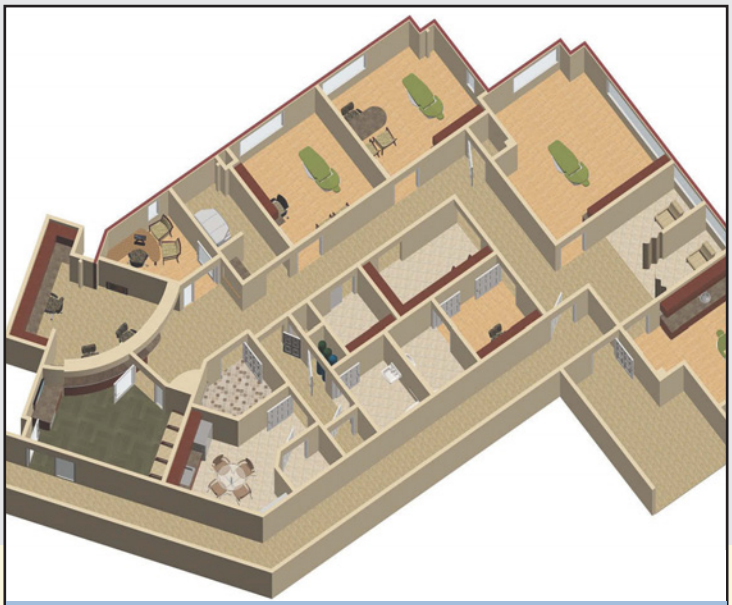

Henry Schein Dental's National Design Group is
DEDICATED TO MAKING YOUR DREAM OFFICE A REALITY

Working in tandem with our national team of Equipment Sales Specialists we will:

- Create dental space plans for office remodeling, expansion and new construction
- Coordinate dental ergonomics and design elements to help your practice function efficiently
- Coordinate entire planning process with architects, contractors and manufacturers

ORAL SURGERY:

3-D Rendering

- Treatment plans can be discussed with patients, using high-end technology, in a comfortable consultation area near imaging and exam room
- Larger treatment rooms help accommodate patients and staff during longer surgical procedures
- 3-D Cone Beam alcove for more accurate diagnoses
- Central sterilization near recovery bay for easy monitoring of patients
- Recovery bay is central to treatment rooms but is also located near a private exit
- Sufficient storage for supplies and bulk items

MIDMARK 641 PROCEDURE CHAIR

The Midmark 641 Procedure Chair offers the positioning, accessibility, and patient comfort you require in order to complete oral surgery procedures in the office environment. Standard features include:

- Tuck away side rail accessory mounts
- Powered multipositioning
- Hand and foot controls
- Foot extension for taller patients
- Premium patient comfort system

Optional chair configurations are available to enhance clinical efficiency along with product accessories to increase versatility.

MIDMARK 355 PROCEDURE LIGHT

The Midmark 355 Procedure Light is the perfect balance between quality and affordability. And, speaking of balance, it's counterbalanced to provide precise positioning without drifting. Less than 2½ pounds of force easily maneuvers the light to the desired position. Available in five-caster and single or dual ceiling mount versions, the Ritter 355 appears as an operating room light… but has the economical price of an exam room light. Other features include a large pattern size with an even distribution of light throughout, unsurpassed shadow control, and superior footcandle illumination.

- 4,200 color temperature
- 5,000 fc at 24-inch focal length
- 100-watt quartz halogen bulb(s)

AIR TECHNIQUES

ScanX Digital Imaging Systems

ScanX is the simple, affordable solution for upgrading to digital. Using the same equipment and techniques as you would with film, create digital images that are ready in as little as four seconds or an entire full-mouth series in less than 2 minutes. Scan and automatically erase PSPs in the same continuous cycle using In-Line Erase. Intelligent Track Control (ITC) enables two users treating different patients to operate the ScanX simultaneously. Plates are easy and quick to position, minimizing retakes. Reusable PSP plates are available in sizes 0 through Cephalometric. Available in three models: Classic, Intraoral, and Duo.

AIR TECHNIQUES equipped for life™

RETREAT™ Hemostatic Gel

A viscous 20% ferric sulfate containing binding and coating agents that are gentle on hard and soft tissue. It stops bleeding in seconds and saves valuable chair time.

- Ferric Sulfate based, it achieves faster, longer hemostasis than aluminum chloride-based products without the risk of epinephrine side effects
- Infuser tip allows for easy delivery to seal capillaries subgingivally
- Viscous gel stays in place when delivered and easy to control

(900-4453) .....Ea. **$30.49**
Contains: 1–30 mL syringe, 20 tips & 20 empty syringes.

Feel the difference aloe & vitamin E can make to your hands!

NEW!

Criterion® Aloe Advanced Powder-Free Latex Exam Gloves

- Manufactured with aloe and vitamin E coating to soothe rough and irritated hands
- Manufactured with a multilayer, fusion-bonded formula providing a unique glove wearing experience of softness and strength
- Natural white latex color and textured for greater grip in a dental setting

100/Box.....Ea. **$10.99**
Specify:

X-Small	**(112-5840)**	Large	**(112-5843)**

Compare to Ultradent® Visco-Stat®

RETREAT™ Hemostatic Solution

RETREAT™ Hemostatic Solution is an aqueous 15.5% ferric sulfate agent that is kind on both hard and soft tissue. It is highly effective for immediate control of bleeding. For use as a hemostatic agent for vital pulpotomies and eliminating sulcular fluid for optimal bonding.

- Ferric Sulfate based, it achieves faster, longer hemostasis than aluminum chloride-based products
- Infuser tip allows for easy delivery to seal capillaries subgingivally and scrapes away excess coagulum, providing superior hemostasis.
- Easy delivery system with bulk system allows custom unit-dosing thus reducing product waste. Individual dosing syringes decrease the potential for cross contamination.

(900-4455) .....Ea. **$30.49**
Contains: 1–30 mL syringe, 20 tips & 20 empty syringes.

Fingertip Pulse Oximeter

- Adult and pediatric use. Ideal for all specialties
- Ranges for SpO^2 70%–100%
- Ranges for pulse 30–235 bpm
- Dual color LED with display modes and brightness control
- Includes pulse bar and plethysmogram
- Visual and audible low battery alarm
- 2 AAA alkaline batteries with 30 hours of continuous use
- Electromagnetic compatibility

(900-6368) .....Ea. **$94.99**

Maxima® ELITE 1:5

Zest LOCATOR® Components

Distributed By HENRY SCHEIN® DENTAL

Zest LOCATOR® Nylon Replacement Male

Replacement Male
Two retention surfaces, the outer ring and the center nipple allow for maximum hold. Good for use with divergent implants up to 10° (accommodates up to 20° between 2 or more implants).

Extended Range Replacement Male
Single retention surface using only the outer ring with the inner nipple removed. Good for use with divergent implants up to 20° (accommodates up to 40° between 2 or more implants).

Each Replacement Male Set includes:
(1) Denture Cap with Black Processing Male
(1) White Block-Out Spacer
(3) Nylon Retention Males: 1 each of the Dual or Extended Range Nylon Retention Males

IMPLANT PLACEMENT

Implant Guiding System
Innovative Implant Technologies (IIT)
Designed to be used in place or in conjunction with a surgical stent when placing implants. Ensures correct implant location (buccal-lingual and mesial-distal) and helps to determine the optimal implant diameter during placement. Titanium blades accurately determine appropriate implant diameter and position for 1 or 2 implants, and titanium measuring pins guide the implant position and diameter in endentulous arches. IIT Guidance System is universal and can be used with any dental implant system. Autoclavable.
Complete Unit
(113-6142) .....Ea. **1,599.99**
Contains: 1 of each: guiding system handle (GSH), guiding system tray (GST), 3mm parallel pin (P3), standard diameter parallel pin (SDP), regular diameter parallel pin (RDP), wide diameter parallel pin (WDP), 3mm measuring pin (MP3), measuring pin standard diameter (MPSD), measuring pin regular diameter (MPRD), measuring pin wide diameter (MPWD), 1.7mm wide 3mm blade (3B1.7), 2mm wide 3mm blade (3B2), 3mm wide 3mm blade (3B3), 2mm wide standard diameter blade (SDB2), 3mm wide standard diameter blade (SDB3), 2mm wide regular diameter blade (RDB2), 3mm wide regular diameter blade (RDB3), 2mm wide diameter blade (WDB2) & 3mm wide diameter blade (WDB3).

AUTOCLAVE BOX

Autoclave Box for Components
Osseous Technologies of America
Easy way to keep every component from an individual case in exactly the right place. Small compartments on the sides for abutments, screws, and crowns. Large compartment in the center holds bars, bridges, and larger instruments used during procedures.
(561-6033) .....Ea. **89.99**

SURGICAL MOTORS

Implant Center 2 LED–Acteon
Unit takes full advantage of the technological and clinical strengths of Implant Center: Cruise Control™ System—reliability, robustness, and high power. Premiers additional LED technology in both the handpiece and motor. The unit offers the ability to perform all surgical procedures—from implantology to periodontal therapy—making it the ideal combined device dedicated to bone surgery. The 3 modes of operation are: Piezotome for preimplant bone augmentation surgery, I-Surge implantology motor, and Newtron for all conventional treatments such as scaling, perio, and endo. Large, user-friendly 5.7" touch-sensitive screen is simple to use and easy to view. Each program can be customized and saved. The new technology triples the ultrasonic power in the handpiece to 60 watts in bone surgery. A light ring of 6 ultrapowerful LEDs (100,000 LUX) in the handpiece provides optimal vision of the operative field. This device is active only on hard tissues, eliminating the risk of soft-tissue damage. LED lights now in the Piezotome handpiece and I-Surge motor for superior visibility. I-Surge LED motor has speeds from 100 to 40,000 rpm and a very high torque of 6Ncm. LED handpieces are autoclavable at 134°C. 2-year warranty on unit and 1-year warranty on handpiece.
Dimensions: 5.88"H 18.61"W x 13.38"D
Weight: 11 Lb.

General Practitioner Kit with LED Surgical Contra Angle
(117-3682).....Ea. **20,999.99**
Contains: 1 Implant Center 2 LED unit, 1 I-Surge LED motor with cord, 1 progressive foot switch, 2 brackets, 2 handpiece holders, 1 power cord, 2 sterilizable irrigation lines, 30 perforators, 1 extraction 2-pack & 1 Bien Air LED surgical contra angle (20:1).

Piezotome
Solo LED
Acteon
Powerful, precise, and quiet-running piezoelectric surgery device that delivers 60 watts of power for faster bone-cutting capabilities plus Cruise Control™. Autoclavable LED handpiece to attain superior visibility. Pump-controlled irrigation for a consistent, precise flow. Large, easy-to-use control screen with all device settings. Preserves soft tissue for decreased risk of soft-tissue trauma during bone surgery. Piezotome 2 tips are compatible with unit. 2-year warranty on unit and 1-year warranty on handpiece and tubing.
Dimensions: 5.4"H x 14.9"W x 12.1"D

General Practitioner Kit
(117-8505).....Ea. **9,499.99**
Contains: 1 Piezotome Solo LED device, 1 Piezotome Solo LED handpiece, 1–110V power cord, 1 foot control, 1 irrigation bracket, 1 handpiece holder, 1 Extraction 2 kit, 1 wrench, 2 autoclavable irrigation lines with 15 perforators & 1 user's manual.

I-Surge + Implantology Motor–Acteon
Electric micromotor for implant bone surgery and implant placement. Brushless, oil-free motor provides very high torque and a wide speed range for a variety of implant applications, including bone surgeries such as pilot drilling, osteotomies, and bone-block grafting. Has a 400–40,000-rpm speed range and 72Ncm of torque with a 20:1 contra angle for consistent power. Available with 5 programs, a multifunctional foot pedal, and 7 contra angle ratios (1:1, 16:1, 20:1, 24:1, 32:1, 64:1, and 80:1). 2-year limited warranty on unit and 1-year limited warranty on handpiece tubing.
Complete Unit
(117-5583).....Ea. **2,999.99**
Contains: 1 I-Surge + device, 1–110-volt power cord, 1 foot control, 2 tubings, 1 I-Surge+ autoclavable micromotor with cord, 1 bracket, 1 motor holder & 1 user's manual.

Bone Grafting Starter Kit
ACE Surgical
This kit is a great way for your practice to keep control of your grafting inventory: once you use the materials you need, restock and store them here.
The ideal bone-grafting kit for:
- Implant defects
- Periodontal defects
- Extraction sites
- Sinus elevation

Complete Kit
(109-9826).....Ea. **1,199.00**
Contains: 5 NuOss™ Collagen bone substitutes (3–8mm x 9mm x 9mm & 2–8mm x 8mm x 9mm) 4 NuOss™ Cancellous granules (2–0.5 Gm. & 2–0.25 Gm.), 2 RCM[6TM] Membranes (1 of each: 15mm x 20mm & 20mm x 30mm), 2 ConFORM™ Membranes (1 of each: 15mm x 20mm & 20mm x 30mm) & 10 RCP Resorbable Collagen Plugs.

See pages 29–32 for our complete offering of **BONE GRAFTING PRODUCTS**

ALGINATE

HENRY SCHEIN®

ALGINATE
Heavy-body consistency to improve patient comfort. Wets up fast in mixing bowl so it saves time. Fine particle size for greater accuracy. Spearmint flavor.
1 Lb. .....Can **10.99**
Specify:
Regular Set **(100-5292)**
Fast Set **(100-5455)**

HENRY SCHEIN®

DUSTLESS ALGINATE
Dustless to reduce airborne particles. Consistent mix for producing smooth models. Spearmint flavor.
1 Lb. .....Can **11.49**
Specify:
Regular Set **(101-4564)**
Fast Set **(101-2587)**

HENRY SCHEIN®

KROM-ALGINATE PLUS
Fast-setting, dust-free alginate with color change. Powder becomes violet when it makes contact with water, then changes to pink to indicate the end of mixing time, and finally it changes to white to indicate time for placement into patient's mouth. 5-day dimensional stability. Can be poured twice. Peppermint flavored. Gluten-free.
Refill–500 Gm. (1.1 Lb.)
(900-0600).....Bag **12.49**

Jeltrate® Plus–Dentsply Caulk
Dustless, antimicrobial alginate with more algin for increased tear strength, creamier impressions, and smoother, more accurate models. Reduces microorganisms by 99%.
1 Lb. .....Can **15.49**
Specify:
Regular Set **(222-2723)**
Fast Set **(222-3864)**

Jeltrate®–Dentsply Caulk
1 Lb. .....Can **15.49**
Specify:
Regular Set **(222-4890)**
Fast Set **(222-5589)**

Kromopan™ 100 Alginate–Kromopan
Chromatic phase-indicator alginate impression material. Detailed impressions every time. Great elasticity and high compression resistance. Can be kept for up to 100 hours without distortion or shrinkage before pouring.
Pouch Package
(107-1241).....1 Lb. Pouch **10.49**

ALGINATE ALTERNATIVES

HENRY SCHEIN®

ALGINATE ALTERNATIVE
An A-silicone, alginate-replacement impression material. Ideal for preliminary impressions, study models, orthodontic models, and temporary impressions. Cartridges are available for 50-mL dispensing and 380-mL volume dispensing for automated mixing machines.
Cartridge Dispensing–50 mL
Complete Package
(900-4607).....Ea. **52.99**
Contains: 8–50 mL cartridges.

Position® Penta™ Quick–3M ESPE
"Alginate replacement" polyvinylsiloxane impression material. Medium viscosity.
Refill Package–Medium Body #29063
Can be used in both Pentamix 3 and Pentamix 2 automatic mixing units.
(378-5828).....Ea. **98.99**
Contains: 2 polybags of each: 300 mL base & 60 mL catalyst.

BITE REGISTRATION

HENRY SCHEIN®

BLU-BITE® HP
Mousse-like, fluffy vinyl polysiloxane material. Used for bite registration, copying transfers, and primary impression with bite trays. Blue thixotropic material has an excellent durometer of over 85 and flows easily, yet will not sag or run. The High Performance cartridge allows easier dispensing of material. Regular Set (2:30 total work/set time, Fast Set (1:30 total work/set time), and Super Fast Set (1:00 total work/set time). Gluten-free.
Complete Kit.....Ea. **25.99**
Specify:

Fast Set	**(102-3597)**
Fast Set–Mint	**(102-4779)**
Fast Set–Berry	**(112-5806)**
Super Fast Set	**(102-9357)**
Super Fast Set–Mint	**(102-5593)**
Super Fast Set–Berry	**(112-5807)**
Regular Set	**(102-5178)**

Contains: 2–50 mL cartridges, 6 mixing tips & 2 ribbon tips.

Regisil® 2X™ Dentsply Caulk
50-mL split-cartridge delivery system for easier dispensing.
Refill Package
(222-8057).....Ea. **117.99**
Contains: 4–50 mL split cartridges & 12 mixing tips.

POLYETHER

Impregum™ F–3M ESPE
Medium-viscosity polyether impression material for crowns, bridges, inlays/onlays, border moldings, denture relining, and edentulous impressions.
Double Package
(378-7808).....Ea. **121.99**
Contains: 4 tubes (2 of each: 120 mL Impregum F-base & 15 mL catalyst) & mixing pad.

Impregum™ Penta™–3M ESPE
Precision polyether impression material for automatic mixing and dispensing. Accurate and hydrophilic, resulting in outstanding detail, even in a moist environment.
Refill Package–Medium Body #31642
(378-4898).....Ea. **299.99**
Contains: 4 polybags (2 of each: 300 mL base & 60 mL catalyst).

VINYL POLYSILOXANE

HENRY SCHEIN®

VP MIX™ HIGH PERFORMANCE

Superhydrophilic impression material with superior wetting agents that enhance hydrophilic properties during the impression technique. Wetting agents allow material to displace moisture, resulting in highly accurate impressions. Has excellent tear strength, making it effective in resisting deformation without causing any tissue irritation. Regular Set (2:30 total work/set time) and Fast Set (1:30 total work/set time). Gluten-free.

Genie™ VPS Impression Material Sultan Healthcare

Ultrahydrophylic, so it is extremely forgiving in the clinical oral environment. Berry flavor for greater patient acceptance. Exceptional coverage for precise impressions; eliminates costly remakes. Available in the full range of wash and tray materials and Standard and Rapid set times.

2-Cartridge Pack .....Ea. **28.99**

Specify:

Regular Body–Rapid Set (Blue)	**(312-6224)**
Heavy Body–Rapid Set (Purple)	**(312-2183)**

Contains: 2–50 mL cartridges & 6 mixing tips.

Extrude®–Kerr

Vinyl polysiloxane impression system available in 4 viscosities. With unique handling properties specifically formulated for each impression technique. "Improved cartridge" delivery system in the 50 mL cartridges.

2-Cartridge Refills.....Ea. **39.99**

Specify:

Extra–Heavy Body (Mauve)	**(123-4346)**
Medium (Green)	**(123-9666)**

Contains: 2–50 mL cartridges & 6 mixing tips.

ADHESIVES

HENRY SCHEIN®

ALGINATE TRAY ADHESIVE

Fast-drying tray adhesive. For use with all alginate impression material.

Bottle with Brush Applicator
(100-7001) .....1 oz. **10.49**

Spray Can
(900-4050) .....3.5 oz. **18.49**

VPS TRAY ADHESIVE

Provides strong adhesion between silicone-based impression material and tray. Prevents detaching of the impression material from the tray. Gluten-free.

(100-1765).....10 mL **12.99**

BITE TRAYS

HENRY SCHEIN®

MULTI-TRAY

Unique undercut rib supports give multidirectional stability to the impression material.

Trays .....Box **23.99**

Specify:

Anterior–35 per Box	**(100-7896)**
Posterior–50 per Box	**(100-9981)**
Quadrant–35 per Box	**(100-3919)**
Posterior Sideless–50 per Box	**(101-4060)**
Wide Posterior–50 per Box	**(104-5206)**

HENRY SCHEIN®

MAXIMA® BITE TRAYS

Dual-arch disposable impression trays. Thin, loose webbing ensures accurate bite registration.

Trays .....Box **36.99**

Specify:

Anterior–35 per Box	**(104-8678)**
Posterior–50 per Box	**(104-8682)**
Quadrant–35 per Box	**(104-8680)**
Posterior Sideless–50 per Box	**(104-8683)**

ULTRASONIC SOLUTIONS

HENRY SCHEIN®

SUPER CONCENTRATED ULTRASONIC CLEANING SOLUTIONS
Fast-acting solutions in small, easy-to-store, 16 oz. bottles. Metered-dose dispenser top ensures exact dose. Available in 3 formulas: General Purpose, for very fast cleaning of blood, mucus, and tissue; Tartar & Stain Remover's citric acid formula is noncorrosive and cleans quickly; and Enzymatic Solution is effective against blood, tissue, and mucus found on instruments.
Metered Dose/Bottles.....16 oz. **20.99**
Specify:
General Purpose Cleaner
(Makes 16 Gal.) **(101-4412)**
Tartar and Stain Remover
(Makes 96 oz.) **(101-0827)**
Enzymatic Cleaning Solution
(Makes 16 Gal.) **(102-6472)**

ULTRASONIC CLEANING SOLUTIONS
General Purpose
A nonammoniated concentrate. Dilute 1:10 for use. Effectively cleans such items as dried blood, tissue, oxide compounds, and more. Removes ions from instruments' surface to enhance the effectiveness of the ultrasonic cleaning unit.
(100-3836).....Gal. **19.99**

Tartar and Stain Remover
Used in a beaker in the ultrasonic unit to remove tartar and stains from dentures. Ready to use, so it's easy and convenient. Potent stain remover to eliminate stains on dentures, crowns, and bridges.
(100-4263).....Gal. **19.99**

ULTRA CLEAN
General-purpose, nonammoniated ultrasonic cleaner. Removes dried blood, tissue, soil, plaster, stone, pumice, and other light contaminants. Nonflammable and nonfoaming. Supplied as a powder in a container. Concentrated solution: dilute 1 part to 9 parts of water.
(102-2255).....Gal. **22.99**

HENRY SCHEIN®

MAXIZYME®
Low-foaming enzymatic detergent for use as a presoak manual detergent, ultrasonic detergent, and evacuator cleaner. Dissolves blood, protein, tissue and soil. Noncorrosive, nonflammable, and rust-inhibiting. Concentrated and economical.
(101-9031) .....Gal. **28.99**

MAXIZYME® TABS
Enzyme cleaning tablets for ultrasonic cleaning, evacuation-system cleaning, and instrument presoak. 2 tablets dissolve easily in 1 gallon of warm tap water. Easy to use and requires less storage space.
(900-0475).....64 per Box **40.99**

INSTRA-CLEAN™
Formulated especially for cleaning all dental instruments. Neutral pH: very mild and kind to your hands. Built-in antirust compound. Concentrated lemon scent and convenient dispenser container.
(100-4250) .....8 oz. **9.99**

BioSonic®
Germicidal Cleaner
Coltene/Whaledent
Cleans instruments and disinfects the bath without the addition of potentially hazardous agents. Virucidal, tuberculocidal, pseudomonocidal and fungicidal. Noncorrosive. EPA approved. MeterDose® bottle. Makes 8 gallons. Concentrate.
UC38
(888-1935) .....8 oz. **41.49**

Biozyme-LT™
Biotrol
Enzyme detergent that dissolves blood and tissue on contaminated instruments within 2 to 5 minutes in both room temperature and warm water. Packaged in convenient squeeze bottle. Highly concentrated, 1 oz. makes 1 gallon of solution.
(247-4313).....32 oz. **47.99**

EmPower™
Enzymatic Solution
TotalCare
featuring Metrex Products
Dual-enzymatic detergent that cleans away blood, tissue, mucus, and other protein-rich fluids and leaves instruments clean and shiny. Effective as an evacuation-system cleaner and ultrasonic cleaning solution. Also effective for use in amalgam separators, with a near neutral pH of 7.5–8.5. 1 gallon makes 128 gallons.
(640-5822).....Gal. **32.99**

ENZOL® Enzymatic Detergent
Advanced Sterilization Products, a Johnson & Johnson Company
Low-foaming presoak/cleaner. Proteolytic enzyme helps reduce the need for manual cleaning. Fast acting–begins to work in 1 minute. Mild pH formulation.
(555-1112) .....Gal. **63.99**

Enzymax®
Hu-Friedy
Specially formulated enzymatic line with dual enzymes that quickly remove and prevent biofilms and Steelgard™ for added corrosion protection and sparkling restoration. Multipurpose applications including ultrasonic, presoak, and evacuation cleaner.

SHARPS COLLECTORS

HENRY SCHEIN®

SHARPS COLLECTORS
Ergonomic handle for the 1 Qt., 1.5 Qt., 5 Qt., 2 Gal., and 3 Gal. models. Antidefluxion wing sizes prevent outflow of waste. Maximum filling level indicator. No emission of any harmful gases during the incineration process. Simple and practical snap-type closure. Easy maneuvering for temporary opening with just one hand. Wide opening for the disposal of large amounts of sharps waste. Mechanism for the removal of needles on some units.

Sharps Disposal by Mail Systems™ Sharps Compliance
Provides dental practitioners a convenient, cost-effective, and environmentally safe means to dispose of needles, sharps, and other small-quantity medical waste. Offers complete compliance with state and federal regulations. Each system provides for collection, transportation, destruction, and documentation of medical waste. Replaces costly medical-waste-disposal pickup services.

SharpsSafety™ Safety In-Room® Containers Covidien
The secure way to dispose of sharps in patient examining rooms. Syringes drop horizontally for maximum container volume. Viewing ports and transparent sharps container make fill level easy to monitor. Integrated lock. SHARPSTAR minimizes the potential for overfilling by automatically stopping in the "FULL" position when it reaches capacity.

- Minimizes the potential for overfilling by stopping in FULL position when it reaches maximum capacity
- Unique lid design limits accidental or intentional access to container contents for pediatric and high-risk areas
- Allows for visual monitoring
- Economical forced horizontal drop maximizes container volume

OSHA COMPLIANCE

OSHA Compliance and Safety for the Dental Staff–OSAP
Interactive training program from OSAP. Combination workbook and video (DVD) addresses OSHA compliance and provides practical, step-by-step protocols for minimizing risk of disease transmission in dental healthcare settings. Use for OSHA-required training of new employees and annual retraining, creating and implementing a custom Exposure Control Program, establishing infection control policies, and streamlining procedures. Up to 10 hours of CE credits available.

Complete In-Office Program
(714-4331).....Ea. **329.99**
Contains: DVD, spiral-bound employee workbook, manager's guide, test answers, exposure control checklist & postexposure management materials.

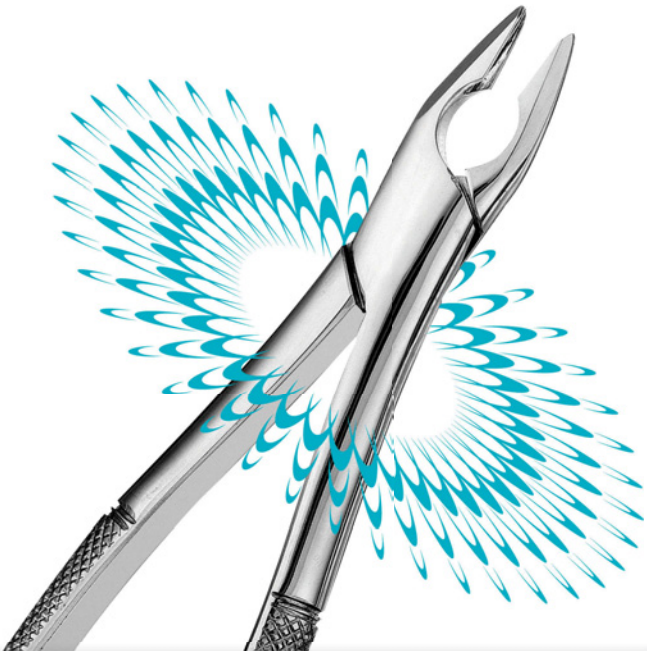

CDC Guidelines: From Policy to Practice (OSAP)–OSAP
All-inclusive, 168-page workbook that walks healthcare professionals through the expanded infection-control guidelines and helps you to put them into practice. Each chapter contains practical, how-to instructions, charts and checklists, pictures and captions, answers to common questions, and guidance for making sound clinical judgments. 10 hours of CE credits available.

(714-7256).....Ea. **58.99**

SURGICAL

APICAL **FORCEPS**

FOR ATRAUMATIC TOOTH EXTRACTIONS

FACT

Clinicians require forceps that are reliable and provide optimal engagement of the root to securely extract a tooth.

CHALLENGE

Forceps that do not provide optimal contact with the root can increase chances of crushing the crown or fracturing the buccal plate.

SOLUTION

Hu-Friedy's thin, sharp, and tapered Apical Forceps penetrate the PDL space, and provide multiple points of contact on the root of the tooth. Clinicians are therefore able to preserve the bone and reduce the risk of root and buccal plate fractures, enhancing the clinical outcome.

POINTS OF PERFORMANCE

- **Firm, secure grasp of the crown and root** with thin, sharp, tapered beaks that penetrate the PDL space and allow for apical progression
- **Reduces the risk of crushing or fracturing the crown** with parallel beak design that provides multiple points of root contact
- **Enhanced clinical outcomes** with longitudinal beak serrations, providing additional grip to the crown and root surface
- **Longevity and corrosion resistance** afforded by handcrafting from the finest grade surgical stainless steel
- **Reliable performance guaranteed** through uncompromising quality

PRESIDENTIAL® FORCEPS SERIES

LIFETIME GUARANTEE
Hu-Friedy Presidential Apical Forceps are superbly constructed from forged surgical stainless steel, meticulously crafted and finished with a precision hinge. They also carry a lifetime warranty against defects in material and workmanship.

MADE IN THE U.S.A.
Hu-Friedy proudly handcrafts all Presidential Apical Forceps in the U.S.A.

INSTRUMENT KITS

Hu-Friedy

Basic Implant Kit
Kit offers 12 essential instruments for implant placement, along with a custom Signature Series® Cassette. Fully autoclavable with 100% stainless steel Hu-Friedy instruments.
(601-0701) .....Ea. **999.99**
Contains: 1 blue 16-instrument Signature Series® cassette, 2 hinge instrument clips, 1 round scalpel handle, 1 periotome posterior, 1 Prichard periosteal, 1 Buser periosteal elevator, 1–2/3 Buser modified periodontal chisel, 1 Perma Sharp Crile-Wood needle holder, 1–#86 Lucas DE surgical curette, 1 periodontal surgical curette, 1 probe, 1 bone-graft plugger (8-10-13-15-18), 1 pair of Perma Sharp Adson plain tissue pliers, 1 Kelly curved hemostat, 1 pair of 6¼" Kelly curved pointed scissors & 1 Minnesota cheek retractor.

Bone Grafting and Membrane Placement Kit
Designed to provide essential instrumentation for bone grafting cases, this kit is comprised of superior quality, 100% stainless steel Hu-Friedy instruments. The 16-instrument Signature Series® cassette has space for you to customize with additional instruments.
(601-0703) .....Ea. **819.99**
Contains: 1 green 16-instrument Signature Series® cassette, 1 pair of corn suture pliers, 1 bone scoop, 1 Buser periosteal elevator, 1–2/3 Buser modified periodontal chisel, 1–6–8mm bone packer DE, 1 membrane placement instrument, 1 cortical bone block clamp, 1 pair of LaGrange Super Cut double-curved scissors & 1 hinge instrument clip.

Comprehensive Implant Kit
Comprehensive instrumentation for implant placement in a custom Signature Series® cassette, this kit will provide you with the high performance you expect from Hu-Friedy instruments. 100% stainless steel.
(601-0700)..... **2,299.99**
Contains: 1 blue oral surgery Signature Series® cassette, 1–#5 round scalpel handle, 1–#85 Lucas DE surgical curette, 1 periotome anterior, 1 Friedman rongeur, 1 bone file, 1–40mm Weiss modified Castroviejo calipers, 1 bone-graft plugger (8-10-13-15-18), 1 bone-graft scoop, 1 implant measurement probe, 1–2mm luxating elevator, 1 Heidbrink root-tip pick, 1 Seldin periosteal, 1 curved Kelly hemostat, 1 Perma Sharp Crile-Wood needle holder, 1 pair of plain Adson Perma Sharp tissue pliers, 1 Buser periosteal elevator, 1–#3 Pritchard/#9 Molt modified periosteal, 1 periodontal surgical curette, 1–2/3 Buser modified periodontal chisel surgical aspirator, 1 pair of #20 corn suture pliers, 1 Minnesota cheek retractor, 1 pair of LaGrange Super-Cut scissors, 1 pair of Iris curved scissors & 1 box of 100–#15C surgical blades.

Hu-Friedy

Ridge Augmentation Kit
Featuring a set of chisels for ridge augmentation, the 16-instrument Signature Series® cassette provides room for customization to fit any clinician's preferences. Instruments are 100% stainless steel from Hu-Friedy.
(601-0699) .....Ea. **629.99**
Contains: 1 yellow 16-instrument Signature Series® cassette, 3 osteotomes (1 of each: 4mm straight, 4mm curved & 7.5mm curved), 1 edentulous ridge chisel, 1–7.5mm Kramer-Nevins bone chisel with long mono bevel, 1–1/2 Buser modified periodontal chisel & 1–2/3 Buser modified chisel.

Sinus Grafting Kit
Consisting of high-quality, 100% stainless steel Hu-Friedy instruments, the kit has 7 essential instruments for a sinus grafting. Lightweight, wider diameter handles help reduce hand and wrist fatigue. The 16-instrument Signature Series® cassette has room to spare to fully customize your kit by adding your favorite instruments.
(601-0702) .....Ea. **679.99**
Contains: 1 yellow 16-instrument Signature Series® cassette, 1 bone packer, 1 sinus retractor, 4 sinus lift instruments (1 of each: #1, #2, acute & obtuse) & 1 bone-grafting syringe.

INSTRUMENT CASSETTES

Hu-Friedy

IMS® Signature Series® Oral Surgery Cassettes
Accommodates 12 instruments, 4 elevators, 3 hinged instruments in the lid and a separate accessory area. Stainless steel.

IV Catheters continued on next page.

IV CATHETERS (Cont'd)

JELCO™ IV Catheters–Smith Medical
Thin-wall catheter design allows for higher flow rates than standard wall catheters, and a smaller gauge needle enhances patient comfort. FEP polymer construction and J-point needle design allow clinician to feel vein entry. Excellent trim accuracy reduces the risk of entry problems.
Radiopaque
Yellow–24 Ga. x ¾"
(555-9413).....50 per Box **82.99**
Blue–22 Ga. x 1"
(555-4050).....50 per Box **74.99**

Safelet IV Catheters–Exel
Translucent catheter hub and flashback chamber allow for easy detection of blood flashback at vein insertion. Color-coded casing cap for easier identification of catheter size. Use of hydrophobic membrane filter eliminates blood leakage.
Catheters.....Ea. **0.99**
Specify:
#26751, Red, 24 Ga. x ¾" **(337-0788)**

#26742, Yellow, 20 Ga. x 1¼" **(337-1015)**

SurFlash® I.V. Catheters–Terumo
Polyurethane IV catheter enables quick and easy confirmation of placement in vein. It is extremely flexible, kink-resistant, and durable. Provides dental staff with a higher certainty of catheter placement and improves visualization for difficult venipunctures with its specially grooved needle.
Catheters.....50 per Box **61.99**
Specify:
#2419, 24 Ga. x ¾" **(315-0810)**
#2225, 22 Ga. x 1" **(315-7013)**
#2025, 20 Ga. x 1" **(315-0953)**
#2032, 20 Ga. x 1¼" **(315-2522)**

Surflo® IV Catheter–Terumo
Consistently safe and simple venipuncture. Eliminates worries about leakage or separation of IV catheter and hub. Flashback chamber in clear, sure-grip hub gives immediate indication of proper placement. Flexible, thin wall catheter, with large inner diameter, ensures good blood flow.
Indwelling .....Ea. **1.29**

- Reviews self-care: bleeding, pain, and swelling management
- 3¾"W x 8¾"H, 6 Panels

(260-4657) .....50 per Pkg. **21.99**

AFTERCARE INSTRUCTIONS

CARE OF THE MOUTH AFTER EXTRACTIONS

1. DON'T RINSE mouth for 24 hours.
2. KEEP FINGERS AND TONGUE away from socket.
3. BLEEDING. Some bleeding following tooth extraction is to be expected. If unusual, place a wet sterile gauze pad firmly over the site of extraction, and bite down or hold in place with pressure for 20 minutes. Repeat if necessary. Avoid hot liquid.
4. SWELLING. Use plastic bag or towel filled with ice against affected area for 5 minutes on and 10 minutes off for one hour. Swelling may start after tooth has been removed but is no cause for alarm.
5. FOOD. Light diet is advisable during first 24 hours.
6. NEXT DAY rinse mouth with ½ teaspoon of table salt in an 8 ounce glass of very warm water, after meals. Repeat for the next 2 or 3 days, if necessary.
7. BONY EDGES. After teeth are extracted, the patient may feel hard projections in the mouth and think they are roots. This is usually the hard, bony partition which surrounds the roots of the teeth. These generally break away or work themselves out.
8. If antibiotics are prescribed, take full amount of medication, even though symptoms have disappeared.
9. In case of unusual symptoms call the office at once.

Note: Participating in a promotional discount program (e.g., points, gifts, or other special awards) is only acceptable if your practice does not bill any federal healthcare programs (e.g., Medicare, Medicaid, or Tricare) for dental or pharmaceutical services, and, by participation, you agree that to your knowledge, neither your practice nor your patients are reimbursed by such programs for such services.

Special Offer! see below

OSHA Compliance

Satisfy OSHA Training Requirements With Online Education From the Leaders in Dentistry

DRC Where Technology & Education Converge

The Dental Resource Center (DRC) is proud to present five new OSHA training modules created exclusively for DRC subscribers. Successful completion of the modules, which were developed by Dr. Karson Carpenter, and a post-training Q & A session will satisfy your team's annual OSHA training requirements.

The five modules include:

- OSHA Made Easy for Dentistry: Bloodborne Pathogens
- Hazard Communication
- OSHA Made Easy for Dentistry: Subparts (Part 1)
- OSHA Made Easy for Dentistry: Subparts (Part 2)
- OSHA Annual Training Requirements

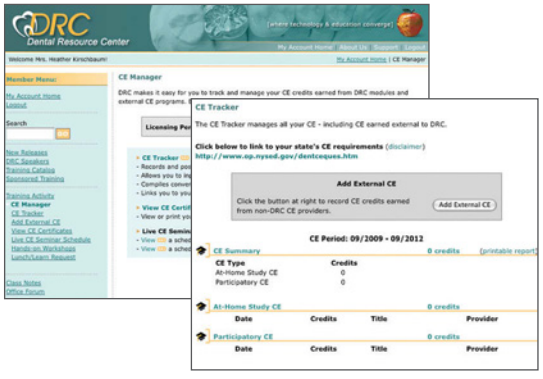

DRC continues to bring you the information you will need to help fulfill regulatory requirements that are vital to your team's OSHA compliance.

Special Offer! see below

CE Manager

Track and Manage All of Your CE Credits Earned

DRC Where Technology & Education Converge

DRC makes it easy for you to track and manage your CE credits earned from DRC modules and external CE programs.

The CE Manager:

- Helps you monitor staff CE credits
- Records and posts all CE credits earned on DRC
- Allows you to input all CE credits earned outside of DRC
- Compiles convenient CE reports
- Links you to your state CE requirements

Start enjoying the many advantages of DRC today.

Special Offer!

Our 30-day trial offer allows the ENTIRE staff full access to all the features of DRC.

- OSHA modules (CDC/Infection Control Guidelines) that satisfy annual OSHA training requirements
- Over 150 CE credits available
- Comprehensive library of dentist and staff training
- Current dental regulations
- CE reports for entire office staff
- All MSDS documents

www.drcdental.com

HENRY SCHEIN® DENTAL

DRC® Dental Resource Center

One subscription per dental practice; all dental team members create their own username and password to access drcdental.com anytime/anywhere they have high-speed Internet access. Once subscribed, the CE credits earned during the trial will be awarded to their paid subscription.

OMSVISION®

INTRODUCING

OMSVISION EPRESCRIBE

The first and only integrated ePrescribe solution for oral and maxillofacial surgeons.

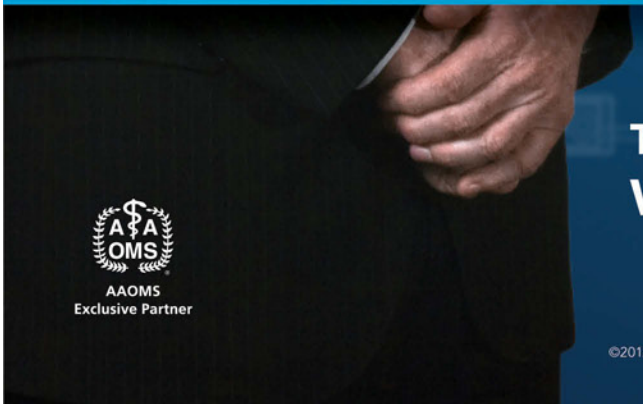

OMSVision delivers the dental industry's first integration with Allscripts® ePrescribe, the market-leading provider of electronic prescriptions. Accessible via the Internet with no downloads or new hardware required, OMSVision ePrescribe is a safe, secure, web-based means to send prescriptions electronically to retail.

With OMSVision ePrescribe, you can:

- Improve patient safety with automatic drug interaction checking, dosage checks, adverse reaction checks and duplicate therapy checks
- Simplify prescription renewals by receiving and managing refill requests from pharmacies online, with accessible patient medication history

"OMSVision is the first and only software to provide the safest, fastest integrated eprescription platform available for oral and maxillofacial surgeons."

STERILANTS

HENRY SCHEIN®

MAXICIDE® PLUS
3.4% glutaraldehyde solution that can be used as a sterilant or high-level disinfectant for up to 28 days. 90 minutes at 77°F (25°C) for high-level disinfection. 10 hours at 77°F (25°C) for sterilization. Contains a surfactant to enhance the disinfection process and a rust inhibitor to reduce corrosion. No dilution required.

(102-5796).....Qt. **10.99**
(102-2865).....Gal. **24.99**

MAXICIDE®
2.5% buffered glutaraldehyde solution that can be used as a sterilant and high-level disinfectant for up to 28 days. 90 minutes at 77°F (25°C) for high-level disinfection. Ten hours at 77°F (25°C) for sterilization. Contains a surfactant to enhance the disinfection process and a rust inhibitor to reduce corrosion. No dilution required.

- Sterilization in 10 hours
- 28-day reuse life after activation
- Clear color before activation; turns blue after activation
- Activated solution contains anticorrosion and antioxidant ingredients
- Rapid and effective broad-spectrum kill
- Pleasant pine scent

(102-6003).....Qt. **9.49**
(102-7394).....Gal. **23.99**

MAXICIDE® ACTIVATED
Preactivated 2.65% glutaraldehyde solution. Can be used as a sterilant and high-level disinfectant for up to 30 days. Tuberculocidal in 45 minutes. Ready to use with a fresh pleasant scent.

- Can be used as a sterilant and high-level disinfectant for up to 30 days
- Tuberculocidal in 45 minutes
- Ready to use
- Fresh, pleasant scent

(104-4681).....Gal. **23.99**

Biocide G30™
Biotrol
2.65% acidic glutaraldehyde. No activator required: ready to use. 30-day reusable solution disinfects in 45 minutes and sterilizes in 10 hours. Sporicidal, bactericidal, virucidal, tuberculocidal, and fungicidal. Contains rust inhibitor to protect instruments. Lemon-fresh scent.

(247-4699).....Gal. **37.99**

CIDEX PLUS® 28-Day Solution
Advanced Sterilization Products
A Johnson & Johnson Co.
3.4% glutaraldehyde solution with odor suppressant. 20-minute immersion for high-level disinfection including TB. Sterilization 10 hours. Noncorrosive to instruments.Test strips available.

(555-0498).....Qt. **17.99**
(555-4973).....Gal. **32.99**

CIDEX® OPA Solution
Advanced Sterilization Products
A Johnson & Johnson Co.
Glutaraldehyde-free, (0.55%) ortho-phthalaldehyde solution. High-level disinfection in 12 minutes at room temperature (20°C). Unsurpassed materials compatibility. Test strips available to verify minimum effective concentration.
1-gal Bottle

(555-6446).....Gal. **57.99**

Purit™ Cide-It™
Biotrol
Ultrasonic solution with germicidal, fungicidal, virucidal, and tuberculocidal abilities. Unique pink color offers a more transparent dilution, allowing instruments to be seen in the ultrasonic tank. Cleans and decontaminates instruments in 10 minutes and inactivates TB in 10 minutes and HIV in 1 minute. Easy-to-use squeeze bottle. Can also be used as a presoak. One ounce makes 1 gallon.

(247-0051).....16 oz. **68.99**

Sporox® II
Sultan Healthcare
Sterilizing and disinfecting solution. Ready-to-use 7.5% hydrogen peroxide solution without glutaraldehyde. Clear, odorless liquid, no mixing. No ventilation required. 30-minute, high-level disinfection, 6-hour sterilization at 20°C (68°F). No activation necessary.

(312-5022).....Gal. **33.99**

BIOLOGICAL MONITORS

HENRY SCHEIN®

MAXITEST®

Biological Monitoring System
Mail-in service includes 3 bacterial spore test strips (2 test strips, 1 control strip) per test package. Postage prepaid; culturing service included. Monitors all sterilizers including steam, chemical vapor, dry heat, and EtO. Third-party documentation serves as tangible legal document where proof of sterility testing must be provided. Immediate and confidential notification of test failures. Test results are available electronically.

12-Test Package
(101-5830) .....Ea. **79.99**
Contains: 12 packets, each containing 2 test strips & 1 control strip.

48-Test Package
(101-1253).....Ea. **269.99**
Contains: 48 packets, each containing 2 test strips & 1 control strip.

Not for export.

MAXITEST® VALUE TEST PACK

Biological Monitoring System
Used to test steam, dry heat, chemical vapor, and EtO processes. Mail-in service with results reported quarterly. Immediate and confidential notification of test failures. Test results available electronically. Postage not included.
(101-4715).....52 per Box **174.99**
Contains: 52 test packets, each containing 1 test strip & 1 control strip.

Not for export.

HENRY SCHEIN®

MAXITEST™ IN-OFFICE BIOLOGICAL MONITORING SYSTEM

In-office system for monitoring steam sterilizers. Easy to use and interpret. Results in 24–48 hours. Simply process vial in a normal sterilizer cycle. Then activate vial, incubate, and record results. If any spores survive the process, the vial medium will turn yellow. MaxiTest Incubator is 24 volts and holds up to 14 indicators. Indicators are also compatible with the 3M™ Attest™ incubator.

Starter Kit
(102-6076) .....Ea. **299.99**
Contains: 1 box of 25 indicators, 1 incubator, 1 crusher & 1 record keeper.

Indicator Refills
(102-5804).....25 per Box **104.99**

Attest™ Biological Monitoring System 3M-ESPE

Incubator provides optimal conditions. Easy to use and interpret. Readout in 24–48 hours. Indicators are self-contained with dry-spore strip and ampule of growth medium. Change in color indicates presence of viable organisms and, therefore, sterilization failure. Holds up to 14 Attest indicators.

Biological Indicators
For use in steam sterilization.
#1262P
48-hour readout. Brown cap.
(777-7290).....25 per Box **72.99**

#1261P
24-hour readout. Blue cap.
(777-2331).....25 per Box **72.99**

AUTOCLAVE CLEANERS

HENRY SCHEIN®

VAPO-SURE™

Proprietary sterilization solution used exclusively with Harvey® Chemiclave®. When used in the Harvey Chemiclave, Vapo-Sure protects dental instruments from rusting, corrosion, and dulling. Solution does not require any hazardous shipping charges.

1 Liter Bottle
(102-3954).....4 per Box **37.99**

Chamber Brite™ Tuttnauer

Powdered autoclave cleaner in premeasured packets. Designed for most full-chamber steam sterilizers. Effectively cleans and descales the reservoir, chamber, and tubing. Easy to use.
(668-4306) .....10 Packets per Box **50.99**

Omni-Cleaner XL Pelton & Crane

Concentrated autoclave cleaner. Can be used in any sterilizer to remove buildup of mineral deposits.
(552-9372) .....16 oz. **14.49**

Keep your sterilization equipment running at optimal performance levels with ProRepair. Our professional team is comprised of manufacturer-trained technicians and highly skilled customer service representatives who are committed to providing quality repair services. Sani-Treet® Plus
Enzyme Industries
Natural, enzymatic evacuation-system cleaner, specially formulated for use in ultrasonic cleaners, and as an instrument presoak. Nonfoaming, nontoxic, and biodegradable. Dilution: 1 oz. to 1 Qt. Makes 128 treatments of evacuation-system cleaner solution or 512 Qt. of instrument presoak or ultrasonic cleaning solution. Compatible with amalgam-separator systems.

Mint Scent
(115-0839) .....Gal. **54.99**

Sani-Treet Plus
(115-1004) .....Gal. **54.99**

Vac Attak™ Evacuation System Cleaner
Premier Dental
Contains an organic chlorine component, making it effective in removing debris and bioburden from evacuation system lines. Because it is noncorrosive to metals and has a biodegradable, nonfoaming formula, it is safe for use on all systems. Fresh lemon scent. Provides approximately 100 uses per jar.
(378-9557).....800 Gm. Jar **54.99**

Vacusol™ Ultra
Biotrol
Evacuation line cleaner/deodorizer with unique formula that strips and cleans organic and inorganic debris, and flushes debris from the evacuation lines. Concentrated, nonfoaming, anticorrosive cleaner that is effective for daily use. Fresh lemon scent, available in 32 oz. and 3 qt. metered bottle. Use daily with Biotrol's EZ 1-2-3 Atomizer for ultimate cleaning.
Dilutes ½ oz. to 1 qt.
Metered Dose Bottle–64 Uses per Bottle
(247-3114) .....32 oz. **52.49**

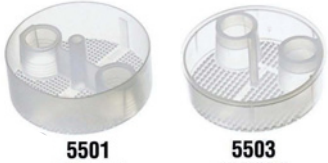

Vacuum Shock™/Clean™ System
Palmero Healthcare
Vacuum Shock™ keeps vacuum lines clean and extends pump life. Time-released tablet: use only 1 tablet every 3 months. Clinically proven to keep your vacuum lines free of odor-causing bacteria and functioning at peak efficiency. Vacuum Clean™ restores pressure, keeps vacuum lines clean, and extends pump life. Self-activating tablet releases powerful cleaning chemicals throughout the week. Use only 1 tablet each week. Neutral pH helps reduce dispersal of amalgam into sewer systems. Allows consistent vacuum suction and asepsis.

(264-4058).....8 per Box **159.99**
Fits Apollo (2 & 3 hp dual gold or UV models).

SURGICAL UNITS

INTRAsurg® 300 Plus Surgical Unit
KaVo

The world's only surgical unit with a light. Can be used with any implant system. Easy to read and simple to operate. Displays actual speed and torque. Can be customized to the doctor's needs. Gear levels, maximal speed, maximal motor torque, and coolant pump setting can be adjusted by the user. Self-calibrating unit. Motor speed 300–40,000 rpm. 1-year warranty.

Complete Unit
(628-8831).....Ea. **7,999.99**

CL3-09
27:1 reduction. Cellular optic. Can be used in all clinical situations of implantology. Speed range 11–1500 rpm. 1-year warranty.
(628-4541).....Ea. **2,099.99**

CL10
Cellular optic. External spray attachment. Speed range 300–40,000 rpm. 1-year warranty.
(628-8668).....Ea. **1,899.99**

INTRAsurg® 300 Surgical Unit
KaVo

Compact, stand-alone unit for implantology as well as oral, maxillofacial, and periodontal surgery. Ideal for beginners in implantology. Works with any implant system. Easy to customize to doctor's needs. One program with a maximum of 6 steps. Each step enables user to program desired parameters. Displays actual speed and torque. Autoclavable brushless motor with sterilizable tubing. Easy to operate–only 5 keys. Multifunctional foot control can be used to control unit hands-free. Integrated irrigant pump with automatic rinse cycle for saline removal. Voltage: 110V–240V. Motor speed range of 300–40,000 rpm. Maximum torque: 300–12,000 rpm–5.5 Ncm; 12,000–40,000 rpm–5.5–2.0 Ncm. Pump delivery of 20–110 mL/min. 1-year warranty.
Dimensions: 16 1/16"H (with water bottle; 5"H without) x 15 1/2"W x 13"L.
Complete Unit–10 to 240 Volt
(628-0300).....Ea. **5,499.99**

Piezotome 2 Ultrasonic Surgery Unit
Acteon

Powerful, precise, and quiet-running piezoelectric generator that combines several instrument control features. 60 watts for a faster cut. Autoclavable, 100,000-lux LED handpiece to attain greater visibility in posterior areas. Large 5.7" full-color touch-control screen. Push-Pull system gives continuous control of amplitude and helps preserve fragile tissues. Robust, multifunctional Piezotouch™ foot pedal allows user to control the intensity of ultrasonic power. Features 2 functioning modes: Piezotome for bone surgery and Newtron for conventional treatments. 2-year warranty on unit; 1-year warranty on handpiece and tubing.
Dimensions: 5.88"H x 18.62"W x 13.38"D
General Practitioner Kit
(114-4884).....Ea. **11,999.99**
Contains: 1 Piezotome 2 unit, 1 foot switch, 2 brackets, 2 handpiece supports, 2 autoclavable irrigation lines with 20 perforator & 1 extraction pack (Piezotome 2 handpiece & extraction kit).

Specialist Upgrade Tip Kit
(117-0205).....Ea. **3,399.99**
Contains: 1 Bone Surgery 2 kit, 1 Sinus Lift 2 kit, 1 Intralift 2 kit, 1 clinical book & 1 DVD.

Extraction Kit
Acteon

For use with the Satelec Implant Center and Piezotome units. Kit of 6 tips is specially developed for extractions (total or partial): avulsions, hemisections, and root amputations. Kit consists of 5 ligament cutting tips intended for syndesmotomies and periradicular osteotomies and 1 Ninja™ tip, with double saw-tooth edges, developed especially for hemisections and root amputations. This tip is also recommended for sectioning impacted teeth.
(117-0154).....Ea. **1,289.99**
Contains: 1 autoclavable stand, 6 tips (1 of each: LC1, LC1 90, LC2, LC2L, LC2R & Ninja™) & 1 universal wrench.

Piezotome Solo LED
Acteon

Powerful, precise, and quiet-running piezoelectric surgery device that delivers 60 watts of power for faster bone-cutting capabilities plus Cruise Control™. Autoclavable LED handpiece to attain superior visibility. Pump-controlled irrigation for a consistent, precise flow. Large, easy-to-use control screen with all device settings. Preserves soft tissue for decreased risk of soft-tissue trauma during bone surgery. Piezotome 2 tips are compatible with unit. 2-year warranty on unit and 1-year warranty on handpiece and tubing.
Dimensions: 5.4"H x 14.9"W x 12.1"D
General Practitioner Kit
(117-8505).....Ea. **9,499.99**
Contains: 1 Piezotome Solo LED device, 1 Piezotome Solo LED handpiece, 1–110V power cord, 1 foot control, 1 irrigation bracket, 1 handpiece holder, 1 Extraction 2 kit, 1 wrench, 2 autoclavable irrigation lines with 15 perforators & 1 user's manual.

I-Surge + Implantology Motor
Acteon

Electric micromotor for implant bone surgery and implant placement. Brushless, oil-free motor provides very high torque and a wide speed range for a variety of implant applications, including bone surgeries such as pilot drilling, osteotomies, and bone-block grafting. Has a 400–40,000-rpm speed range and 72Ncm of torque with a 20:1 contra angle for consistent power. Available with 5 programs, a multifunctional foot pedal, and 7 contra angle ratios (1:1, 16:1, 20:1, 24:1, 32:1, 64:1, and 80:1). 2-year limited warranty on unit and 1-year limited warranty on handpiece tubing.
Complete Unit
(117-5583).....Ea. **2,999.99**
Contains: 1 I-Surge + device, 1–110-volt power cord, 1 foot control, 2 tubings, 1 I-Surge+ autoclavable micromotor with cord, 1 bracket, 1 motor holder & 1 user's manual.

Chiropro 980
Bien Air
Electric micromotor designed specifically for implant and surgical procedures. Brushless micromotor and handpiece tubing are autoclavable. Allows 100% control of real-tool speed and torque. Capable of running 1 or 2 motors. Four program settings per motor allow you to preset the torque, angle ratio, speed and irrigation flow. 1-year warranty.
Complete Unit
(229-0741) .....Ea. **6,999.99**
Contains: 1 unit, 1 Basch micromotor, 1 Basch handpiece cable, 1 water-resistant foot pedal, 1 irrigation stand, 10 irrigation disposable lines & 10 clips for irrigation lines.

PM 1:2 Straight Surgical Handpiece
Bien-Air
- 1:2 speed multiplier
- External spray
- Accepts 45mm burs
- Includes bur adaptor for shorter burs
- Autoclavable
- 1-year warranty

(229-0003).....Ea. **1,899.99**

HANDPIECE MAINTENANCE

QUATTROcare® Plus 2124A
Maintenance Unit
KaVo
Automatic cleaning, lubricating, and purging for up to 4 handpieces or air motors at one time. New chuck-care adapter is included for once-per-week cleaning and caring for handpiece chucks to maintain gripping force, reliability, and long service life. Easy-to-use, flexible programming allows operator to choose and set total cycle time from 20 to 45 seconds per handpiece. System can be used for virtually all manufacturers' high speeds, low speeds, contra angles, straight handpieces, air-driven scalers, and air motors. Extends handpiece life by providing superior cleaning and lubricating compared to manual cleaning. Simply connects to ¼' air line (58–145 psi air pressure with built-in automatic pressure-regulator controls flow). For use with QUATTROcare Plus Spray. 120-V, 50–60-Hz, 20-amp electrical connection. Provides an additional 6-month warranty on most models of KaVo handpieces. 1-year warranty.
Dimensions: 15"H x 13 9/16"W x 11½"D
Weight: 22 Lb.
Complete Unit
(628-0970).....Ea. **2,499.99**
Contains: 1 of each: unit, electrical cable connection, air-line connection, MULTIflex adapter, INTRAmatic E-type adapter, INTRAhead adapter & can of QUATTROcare spray.

QUATTROcare® Spray

HENRY SCHEIN® SURGICAL SUTURES

SUPERIOR POINT – Needles are honed with a unique multiedged point to provide greater ease of penetration.

SUPERIOR ATTACHMENT – Needles are drilled for a seamless needle-suture juncture, providing a smoother transition with less tissue disruption.

SUPERIOR PACKAGING – Unique double-sterile barrier packaging ends costly waste.

DENTAL NEEDLES

HENRY SCHEIN®

PLASTIC HUB NEEDLES

Features a softer and less aggressive hub and sheath. Rounded hub provides gentler contact against cheek and gums. No ribs on hub where blood can coagulate. Shorter butt end. Indicating mark on hub for easy identification of bevel position. Color codes indicate needle diameter. Tamper-resistant packaging.

Disposable.....100 per Box **8.99**

Specify:

25 Ga. Short–Red 1"	**(900-1894)**
25 Ga. Long–Red 1⅜"	**(900-1889)**
27 Ga. Short–Yellow 1"	**(900-1891)**
27 Ga. Long–Yellow 1⅜"	**(900-1890)**
30 Ga. Short–Blue 1"	**(900-1892)**
30 Ga. X-Short–Blue ⅜"	**(900-1893)**

PREMIUM DENTAL NEEDLES–PLASTIC HUB

Features a softer and less aggressive hub and sheath. Rounded hub provides gentler contact against cheek and gums. No ribs on hub where blood can coagulate. Shorter butt end. Indicating mark on hub for easy identification of bevel position. Round cutting edge protects gum. Double silicone coating reduces pain and tissue trauma. Seals and hubs are color coded. Plastic hub screws on both metric and imperial syringes.

Disposable.....100 per Box **10.99**

Specify:

25 Ga. Short–Red 1"	**(900-1884)**
25 Ga. Long–Red 1⅜"	**(900-1883)**
27 Ga. Short–Yellow 1"	**(900-1886)**
27 Ga. Long–Yellow 1⅜"	**(900-1885)**
30 Ga. Short–Blue 1"	**(900-1887)**
30 Ga. X-Short–Blue ⅜"	**(900-1888)**

Accuject® Needles Dentsply Pharmaceutical

Red-dot indicator on hub identifies the needle's bevel position before cap is removed, reducing potential for inadvertent needlesticks and ensuring accurate, consistent injections. Prethreaded plastic hub fits standard dental syringes perfectly and securely every time, without wear and tear on the syringe. Color coded for quick and easy identification. Siliconized cannula provides smooth penetration for minimal discomfort.

Needles .....100 per Box **13.99**

Specify:

25 Ga. Long	**(150-3510)**
27 Ga. Short	**(150-4183)**
27 Ga. Long	**(150-4553)**
30 Ga. Short	**(150-4865)**

Monoject Needles–Covidien

A sterile, disposable, and self-threading, self-aligning universal-fit hub to ensure a consistent fit. Ultrasharp, tribeveled, anticoring lancet point. Available in plastic and metal hubs.

#400 Plastic Hub .....100 per Box **11.29**

Specify:

Disposable, ungraduated, 12 mL curved-tip syringe. Ideal for pressure irrigation. Non-sterile.
(194-1135) .....50 per Box **25.99**

HENRY SCHEIN®

Total Health™

BEYOND THE MOUTH

Total Health™ Beyond the Mouth is an integrated wellness and education program that informs patients of the integral link between oral health and total health.
This program assists dental professionals in uncovering potential systemic health problems, including periodontal disease, oral cancer, sleep disorders, heart disease, and diabetes.
Total Health™ Beyond the Mouth was developed in collaboration with the American Academy for Oral Systemic Health.

Oral systemic information has the power to motivate compliance with oral care routines and treatment recommendations, when communicated properly!

Educate Patients and Improve Health in 4 Easy Steps

1. Patient completes Total Health Checklist.
2. Patient reads Total Health Brochure.
3. Dental team reviews and completes Checklist.
4. Patient reviews more information in Patient Guide, if needed.

NEW!

Total Health Kit
Everything you need to get started with wellness. Use the kit and follow its steps to start educating patients.

Complete Kit
(125-0112).....Ea. **89.99**
Contains: 4 pads of 100 checklists, 3 packs of 133 brochures, 1 patient guide, 1 table display & 1 poster.

Refill Components

MEASURE
periodontal pathogens

TREAT
the actual cause of periodontal disease

MONITOR
the efficacy of treatment over time

MyPerioPath® periodontal disease test
only from OralDNA® Labs

You probe, you record pocket depths, and you know periodontal disease when you see it. But you also need to know which bacteria are causing the infection. For that kind of objective analysis, choose MyPerioPath®. Target the cause and control the disease. That's the power of MyPerioPath®.

Put the "Power of the Report" in your practice today.

Reenergize Your Patients, Reenergize Your Practice!

The average dental practice sees 440 patients with a high risk of suffering from life-threatening sleep apnea?[1] Of those patients from 80 to 90 percent have not yet been diagnosed.[2]

Patients suffering from sleep apnea often have reduced energy, daytime fatigue, or other harmful symptoms resulting from lack of sleep. Dentists are in a unique position to help reenergize these patients and improve their quality of life and overall health through the use of accepted Oral Appliance Therapy. And, by treating these patients, you'll also energize your revenues.

Henry Schein Sleep Complete™ is the "turnkey" program that delivers all the education and products for you to implement a successful dental sleep medicine program in your practice.

HENRY SCHEIN®
SLEEPCOMPLETE™

ACCESSORIES

Snore Guard® Anti Snoring Device–Ranir
An antisnoring intraoral mandibular repositioning device featuring Air Flow Technology.™ Boil-and-bite-style mouth guard helps prevent jaw and tongue from dropping into throat and closing off air. Keeping airway open greatly reduces snoring and mild/moderate sleep apnea. One size fits all.
(308-0035).....Ea. **59.99**

Nature Zone™ UV/OZone Purification Chamber
Brain Pad, Inc.
Fast, safe, and easy way to protect removable oral appliances from health-threatening infectious and inflammatory diseases. Uses UV light and ozone to effectively kill bacteria and deodorize mouth guards, orthodontic retainers, dentures, night guards, powered toothbrush heads, and other removable appliances. 99.99% effective against staphylococcus, MRSA, salmonella, streptococcus, and E. coli in one 3-minute cycle. Ozone ions neutralize odors by oxidizing any pollutant in its environment. Battery operated. Uses no liquids, tablets, or chemicals.

Unit
(113-7949).....Ea. **36.99**

ORAL CANCER DIAGNOSTICS

Exclusively from Henry Schein!

VELscope® Vx
LED Dental
Cordless and compact, this unit implements the most popular fluorescence visualization technology for detecting oral disease, including cancer. Natural-tissue fluorescence is used to discover a wide range of oral mucosal abnormalities, including oral cancer, before they can be seen under ordinary white-light conditions. Used as an adjunct to routine oral soft-tissue exams. Completely noninvasive: no rinses or dyes. Only takes 1–2 minutes. Battery-operated and rechargeable unit also has a cord if needed. Compatible with the Vx Camera System and standard digital cameras for photo documentation. 1-year warranty.

Complete Unit
(791-0012) .....Ea. **2,619.99**
Contains: 1 VELscope® Vx handpiece, 1 rechargeable battery, 1 charging cradle, 1 external power-supply brick, 1 AC power cord, 1 pair of patient safety glasses, 16 VELcaps, 16 VELsheaths, 50 VELscope Vx patient brochures, 50 Oral Cancer Foundation brochures, 1 step-by-step examination guide, 1 multilanguage CD & 1 training DVD.

Disposables Starter Kit
(791-0015) .....Ea. **387.99**
Contains: 2 boxes of VELcaps Vx & 1 box of VELsheaths Vx

VELscope® Vx Camera System–LED Dental
As a companion to the VELscope Vx, this digital camera attachment system enables the user to take high-quality fluorescent and white-light pictures for photo documentation, tracking of lesion progression, and facilitating communication with a specialist when a referral is necessary. This 12-megapixel Canon® camera easily attaches to the VELscope and provides a seamless connection with both MAC and PC systems.

Camera Kit Only
(791-0018) .....Ea. **484.99**
Contains: 1 camera, 1 USB cable, 1 AV cable, 1 adapter, 1 memory card disk, 1 battery pack, 1 battery charger, 1 wrist strap, 1 quick-start guide, 1 CD & 1 instruction booklet.

VELscope® Accessories

(791-0011).....128 per Pkg. **223.99**

Identafi® Oral Cancer Screening System
Star Dental

Handheld, multispectral, oral-examination light used in conventional and specialized oral examinations. Multi-Spectral Fluorescence and Reflectance Technology enhances visualization of mucosal abnormalities, such as oral cancer or premalignant dysplasia, that may not be apparent to the naked eye. Three distinct color wavelengths make it easier to distinguish lesion morphology and vaculature. Diodes deliver double the autofluorescent power to ensure enhanced and thorough detection. Durable, nickel-plated design. 1-year warranty.

Complete Unit
(808-0264).....Ea. **3,399.99**
Contains: 1 Identafi® unit, 1 pair of clinician's filtering glasses, 1 box of 25 disposable mirrors, 4 AA batteries & instructions for use.

Disposable Mirror Refills
(808-0261).....25 per Box **59.99**

Microlux™ DL
Addent

Diagnostic fiber-optic light that is portable, lightweight, and battery operated. Used in conjunction with traditional oral exams to help detect abnormal oral lesions and help identify oral mucosal abnormalities. Excellent for both dentist and hygienist to use at initial exam.

Complete Kit
(107-8689) .....Ea. **293.99**
Contains: 1 LED light, 1 diffused fiber-optic glass light guide, 3 N-size batteries & 6–30 mL containers of acetic acid solution.

Light Guide
Used in conjunction with acetic acid solution, its diffused light helps dentist see irregular cells by taking on whitish hue. Autoclavable.
(107-2521) .....Ea. **96.99**

DL Rinse
Used as an aid to improve visualization of oral lesions.
(107-4694).....30 mL **65.99**
Contains: 6–30 mL containers of acetic acid solution.

Exclusively from Henry Schein!

OraRisk℠ HPV
OralDNA® Labs, Inc.
Uses salivary fluid from an oral-rinse collection to help assess a patient's risk for developing oral cancer based on the presence of specific genotypes of the human papillomavirus (HPV). If the patient receives a positive result, it indicates that they are at an increased risk of developing HPV-related oral cancers.

Complete Set
(325-8317).....Ea. **189.99**
Contains: 12 salivary collection supplies for OraRisk℠ HPV testing.
NOTE: The fees for test completion are not included.

ViziLite® Plus with TBlue 630™ Oral Lesion Identification and Marking System
Zila Professional Pharmaceuticals
Assists in the early detection of oral abnormalities including remalignant lesions and cancer. Cleared by the FDA for patients at increased risk for oral cancer, this painless exam improves the dental professionals' ability to identify, evaluate, and monitor abnormal areas that are difficult to see under conventional lighting. Easy to use, disposable and adds minimal time to the patient examination.

40 Unit Multi-Pack
(107-4746).....40 per Pkg. **1,069.99**
Contains: 40 ViziLite® Plus exams.

20 Unit Multi-Pack
(107-5426) .....20 per Pkg. **642.99**
Contains: 20 ViziLite Plus® exams.

PERIODONTAL DIAGNOSTICS

Exclusively from Henry Schein!

MyPerioPath®/
MyPerioID® PST®
OralDNA® Labs, Inc.
MyPerioPath® uses a saliva sample from an oral-rinse collection to identify the type and concentration of specific perio-pathogenic bacteria associated with periodontal disease. Clinician can use MyPerioPath® testing to assess bacterial risk to the patient, set bacterial goals for therapy, personalize therapy by targeting the specific bacterial cause, and monitor patient success on a biological level. MyPerioID® PST® uses a saliva sample from an oral-rinse collection to determine if a patient is genetically susceptible to periodontal disease. Patients that receive a positive result are at increased risk for more severe periodontal infections due to an exaggerated immune response.

Complete Set
(325-9748).....Ea. **189.99**
Contains: 12 salivary collection supplies that can be used for either MyPerioPath® or MyPerioID® PST® testing (or both tests can be run off the same sample).
NOTE: Fees for test completion are not included.

EXTRAORAL GREEN SENSITIVE FILM–KODAK

- **Ektavision G:**
  Provides high-contrast, sharp images for excellent detail when paired with Ektavison imaging screens. Ideal for panoramic and cephalometric radiographs, TMJ cases, and implant procedures. 400-speed film system that minimizes radiation exposure.

- **T-Mat G**
  Provides high-contrast, detailed images of intervening tooth structures and retains good soft-tissue visibility when used with Lanex regular or medium screens.

- **T-Mat H**
  Provides high-contrast images when used with Lanex or Ektavision screens. Suitable for double-film loading techniques, which yield 2 original radiographs from a single exposure.

X-RAY MONITORING BADGES

Luxel®+ X-ray Monitoring Badges
Compliance Training Partners/HPTC
X-ray monitoring badges measure radiation exposure for the dental staff. Badges are attractive and easily clip onto uniforms or protective clothing. They simply snap into the personalized holder and serve to reassure staff that you are taking measures to help ensure an environment without excess radiation. Badges are shipped directly from the manufacturer. OSHA requires annual retraining of your staff on radiographic safety. Monitoring service includes free training CD to satisfy this requirement and offers 2 CEUs after program completion.

Monthly Badge
Includes 12 shipments of 1 badge and 1 report per month for 1 year.
(683-8079) .....Ea. **151.99**

Quarterly Badge
Includes 4 shipments of 1 badge and 1 report per calendar quarter for 1 year.
(683-2339) .....Ea. **94.99**

Fetal Badge
Includes 7 shipments of 1 badge and 1 report per month for 7 months.
(683-4113) .....Ea. **119.99**

Includes a free radiation-safety CEU training CD (a $129 value!)

instadose™ Dosimeter
IC Care
Provides an instant readout when connected to any computer with internet access. Provides unlimited readings for a year at one low price, reassignment of devices online, elimination of the collection and return of badges for processing, confirmation of a safe radiation work environment for your staff and patients, and compliance with state and federal regulations.
Annual Badge .....Ea. **109.99**
Specify:
Black **(116-1424)** Silver **(116-1423)**
Blue **(116-1421)** Green **(114-4896)**
Pink **(116-1422)**

DUPLICATORS

Slimline Duplicator
Dentsply Rinn
Reproduces film up to 5⅞" x 12⅝". Compact, easy to operate. Easy-to-use, easy-to-read digital controls. 1-year warranty.

Radiosurge Unit–Macan Engineering

This high-precision dental electrosurgery unit is designed especially for the aesthetically demanding aspects of prosthodontics, including safe implant exposure. Rated at 3 MHz. Great as a laser adjunct in all dental specialties. Capable of bipolar coagulation and "two point" isolated excision with optional accessories (not included). Isolated ground output: Waveforms: Cut, Blend, and Coag. 3-year warranty (on unit only).

Complete Unit

(272-6937).....Ea. **1,559.99**

Contains: 1–120 V unit, 1 autoclavable handpiece & cord, 6 UltraFlex bendable electrodes (1 of each: F1, L22, L34, L35, C51 & SN62), 1 dispersive plate & cord & 1 operating manual.

HEADLIGHT

Heine 3S LED Headlight® UNPLUGGED–Heine USA

Same as the Heine 3S LED Headlight® but with an unplugged power source that allows for one-of-a-kind mobility without restriction or hindrance caused by cables, cords, or similar connections. Lightweight, rechargeable battery integrated on the headband. Includes an LED charge status indicator. Can be charged by wall or plug-in transformer. System provides top safety standards, including UL approval.

(509-0040).....Ea. **2,823.99**

Contains: 1 headlight, 1–EN50® UNPLUGGED wall unit & 2 mPack® UNPLUGGED.

INTRAORAL VIEWER

DrQuicklook™ Intraoral Dental Viewer–QuickLook, Inc.

An intraoral dental viewer that provides patients with a visual understanding of the treatments they are receiving. Patients will visibly see calculus deposits, caries, fractures, and fillings all on the large 3½" LCD screen. Simple 2-button operation with live survey, freeze, and zoom modes. Autofocus on objects as small as 3mm to 50mm. Motion Smart Auto On and Off. Rechargeable batteries will last all day on a full charge. Does not require training, software, or a computer. Does not store or print images. 2-year warranty.

Complete Unit

(521-0004).....Ea. **949.99**

Contains: 1 viewer, 1 countertop charger, 1–110 V AC wall plug, 1–200-count package of sheaths, wall-mount hardware & 1 owner's manual.

Sheaths

(521-0005).....500 per Box **94.99**

PATIENT COMFORT

Crescent™ Memory Backrest–Crescent Products

Supports the lumbar area of the back. Made from viscoelastic memory foam that offers ultimate comfort during procedures. Easy to clean.

Backrest.....Ea. **53.99**

Specify:

Teal **(381-7546)**
Gray **(381-6669)**
Beige **(381-0549)**

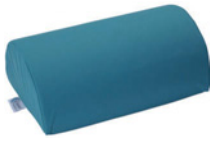

Crescent™ Memory Headrest–Crescent Products

Made with memory foam, it shapes comfortably to the head and neck to provide ultimate support. Covered with medical-grade vinyl for easy cleaning.

Headrest.....Ea. **53.99**

Specify:

Teal **(381-3628)**
Gray **(381-0322)**
Beige **(381-8486)**

Crescent™ Knee Support–Crescent Products

Allows the legs to lie in a more natural position to take pressure off the lower back and hips. Gripping material on bottom prevents it from moving around while in use. Made from medical-grade vinyl for easy cleaning.

Knee Support .....Ea. **72.99**

Specify:

Teal **(381-7220)**
Gray **(381-6018)**
Beige **(381-0995)**

HENRY SCHEIN® DENTAL

PERIODONTAL DRESSINGS

Barricaid®–Dentsply Caulk
Visible, light-cured, periodontal dressing indicated for routine periodontal pack after surgery, protective pack for extraction sites, sealing antimicrobial agents after placement in perio pockets and protecting the surface over orthodontic bands. Easy-to-use syringe. Nonbrittle but firm, protective, elastic covering.
4 Gm. Syringes
(222-3105) .....12 per Box **204.99**

COE-PAK™
GC America
Noneugenol surgical dressing and periodontal pack that has no burning sensation, no unpleasant taste, no disagreeable odor, and offers proven protection to surgical sites.
Regular
(333-7685) .....Ea. **69.99**
Hard & Fast
(333-4499) .....Ea. **69.99**

COE-PAK™ Automix NDS
GC America
Delivery system that eliminates manual mixing and provides a consistent mix for immediate placement.
Two-Pack
(333-6220) .....Ea. **89.99**
Contains: 2–50 mL cartridges & 12 mixing tips.
Mixing Tips–Type 2L (Aqua)
(333-2561) .....48 per Pkg. **50.99**
Cartridge Dispenser 2
(333-2554) .....Ea. **136.99**

Zone Periodontal Pak
DUX Dental
Lifelike tissue color. Patient-acceptable smell. Convenient 1:1 mix ratio. Retards bacterial growth.
Tube Package
(135-6853) .....Ea. **27.99**
Contains: 30 Gm. base, 55 Gm. catalyst & mixing pad.
Unit Dose Package
(135-2714) .....25 per Box **23.99**

Bone Wax–Ethicon
Sterile bone wax used for controlling bleeding from bone surfaces. Achieves local hemostasis of bone by acting as a mechanical (tamponade) barrier. It does not act biochemically and is nonabsorbable.
2.5 Gm. Foil Packets
(654-9155) .....12 per Box **199.99**

SOFT RELINE

COE-SOFT™ Soft Denture Reline Material
GC America
Self-curing. Use when patient requires a soft, temporary liner in upper or lower dentures. Polymerizes in or out of the mouth in approximately 15 minutes. Reline will normally last 3–6 months.
Professional Package
(333-3842) .....Ea. **136.99**
Contains: 1–6 oz. powder, 1–6 oz. liquid, 1 lubricant & accessories.

TISSUE CONDITIONER

COE COMFORT™–GC America
Self-curing, edentulous tissue conditioner. Used to restore sound form and condition to the underlying oral tissue. Cushions tissue and allows denture-bearing tissue to recover and return to a normal, healthy condition.
Professional Package
(333-6151) .....Ea. **136.99**
Contains: 6 oz. powder, 6 oz. liquid & accessories.

3D Imaging

Henry Schein is your source for advanced 3D imaging solutions providing treatment tools for implants, restorations, oral and maxillofacial surgery, TMJ, sinuses, and orthognathic and orthodontics. We carry top-selling brands including iCat, Instrumentarium, Gendex, and Planmeca.

ORAL SURGERY CATALOG TERMS OF SALE

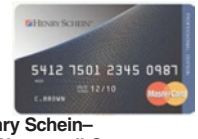

THE HENRY SCHEIN PRICE POLICY:

We make every effort to maintain prices for the duration of a catalog, but we reserve the right to make price adjustments in response to manufacturers' price increases or extraordinary circumstances. Prices are subject to change without notice.

Henry Schein, Inc. and Customer agree that the terms and conditions hereinafter set forth shall govern the relationship between Henry Schein and the Customer. Customer acknowledges and accepts all such terms and conditions by placing an order for goods with Henry Schein, and upon the Customer's receipt of Henry Schein's invoice enclosed with items delivered to Customer, or upon Customer's receipt of Henry Schein's credit memorandum or statement, whichever occurs first.

Choose Your Payment Method

2% Cash Back or Maximum Rewards on all purchases with the Henry Schein Credit Card To apply, call: 1.866.398.9296

Reduce the cost and administration of paying Henry Schein– Pay electronically (ACH Debit) or set up AutoPay. Please call Customer Service for details.

For your convenience, we provide several payment alternatives. Orders billed to your account may be paid by ACH Debit, Check by Phone, or Check. If you prefer, you may use your Henry Schein Credit Card, American Express, Visa, MasterCard or Discover Card when placing your order.

All sales are subject to our normal terms and conditions.

Check payments must be mailed to:

Henry Schein, Inc.
Dept. CH 10241
Palatine, IL 60055-0241

All sales are subject to credit approval. Invoices are payable within agreed terms of sale.

Open Accounts Receivable:

All unpaid accounts receivable past due are subject to a 1.5% finance charge.

DELIVERY TERMS:

Unless otherwise agreed, freight terms are FOB Shipper's Dock ("Ex Works" outside North America). Title passes at the time the shipment is loaded at the shipper's dock.

Continental U.S.:

All orders will be subject to a handling charge. This charge includes freight, except for additional carrier charges related to special delivery services and hazardous material shipments. Special orders are subject to additional freight charges.

Alaska, Hawaii & Pacific Protectorates:

Standard shipping methods provide direct, reduced cost, expedited air delivery service to all accounts in Alaska and Hawaii. Customers in the Pacific Protectorates are offered direct surface transport, or postal services for reliable delivery. No additional surcharges apply, except when special services are requested. Low-level hazardous items (dangerous goods in accepted quantities and Consumer Commodity ID 8000) are now available via UPS 2nd-day air.

Guam, Puerto Rico, U.S. Trust Territories & Virgin Islands:

- All orders will be subject to a handling charge. This charge includes freight through the United States Postal Service (USPS).
- Special delivery orders and hazardous material shipments can be shipped via United Parcel Service (UPS) for an additional charge. No minimum order amount or weight applies. Speak to your International Representative for details.
- For Puerto Rico only: The Commonwealth of Puerto Rico imposes a 6.6% excise tax, which is not collected by Henry Schein, Inc.

Outside U.S. (50 States):

If your order is being shipped outside the U.S. (50 states), please refer to the International Terms & Conditions at henryschein.com. Unless otherwise agreed, freight terms are FOB Shipper's Dock ("Ex Works" outside North America). Title passes at the time the shipment is loaded at the shipper's dock. Customer is responsible for compliance with any applicable import requirements.

RX PRODUCTS & CONTROLLED SUBSTANCES:

Regulations require us to limit the sale of Rx and controlled substances only to registered, licensed healthcare professionals. If you are a new customer or have recently moved, please furnish us with a copy of your updated state registration. For controlled substances, furnish a copy of your DEA certificate verifying your shipping address. Class II drugs can only be ordered by mail.

All **Federal 222 Forms** for Class II drugs must be mailed to:

Henry Schein, Inc.
5315 West 74th Street, Suite 300
Indianapolis, IN 46268

REGULATORY REQUIREMENTS:

Local regulatory requirements may apply to use or installation of certain products. Be sure to understand and comply with any such requirements prior to purchase, use, or installation of products.

GUARANTEED SATISFACTION:

If you have tried a product and it is defective or does not perform satisfactorily, we will provide credit, exchange or refund. It's your choice.

RETURNS:

WE CANNOT ACCEPT ANY RETURNS WITHOUT PRIOR AUTHORIZATION.

To arrange for a return, simply call our Customer Service department or contact your Sales Consultant. The following conditions must be complied with:

- All returns must be accompanied by a copy of your invoice and a reason for the return.
- Merchandise must be returned in its original container, unmarked, and properly packaged.
- Returned products must have been purchased within the previous thirty (30) days. Any returns past thirty (30) days are subject to a restocking fee.
- Shortages or errors in shipments must be reported within seven (7) days of invoice date to issue credit (if applicable).
- Shipping charges will apply on all returns.

Exceptions:

The following special, customized, or government-regulated items are not returnable:

- Opened handpieces, small equipment, and custom-ordered equipment
- Special order items (products that we do not ordinarily stock)
- Personalized and imprinted items
- Opened computer hardware and software
- Controlled drugs • Hazardous items
- Expired products • Items that cannot be returned to the manufacturer
- Any item marked non-returnable

Prescription Drug Returns:

Please note that in order to comply with Federal and State Pedigree requirements, which went into effect in 2006, Henry Schein's policy on the return of Rx Drugs has been modified as follows:

Rx Drugs which Henry Schein has purchased from wholesalers are not returnable. These items will be identified in your invoice with the code WH.

Rx Drugs which are purchased by Henry Schein directly from the manufacturer may be returned providing that the following key elements are met:

1) Only returns due to error in order or delivery will be allowed.
2) Returns of Rx products will only be accepted if Henry Schein is notified within 7 calendar days of receipt of the shipment and valid return authorization is issued by Henry Schein.
3) The Prescription Drug Marketing Act ("PDMA") requires any customer returning prescription drugs to complete and return a Prescription Drug Return Authorization form. Federal law requires that the healthcare entity returning prescription drugs document that the product was kept under proper storage and handling conditions while in their possession and during the return of the product. To get a copy of the form and proper return authorization, please contact Customer Service at 1-800-472-4346.
4) In addition, Pedigree regulations require that the healthcare entity returning prescription drugs certifies that the product being returned is the same exact product purchased from HSI.
5) Henry Schein will not issue credit for any returned Rx Drugs which have been tampered with, are out of date or where the labeling has been altered in any way.

OMSVISION®

INTRODUCING

OMSVISION EPRESCRIBE

The first and only integrated ePrescribe solution for oral and maxillofacial surgeons.

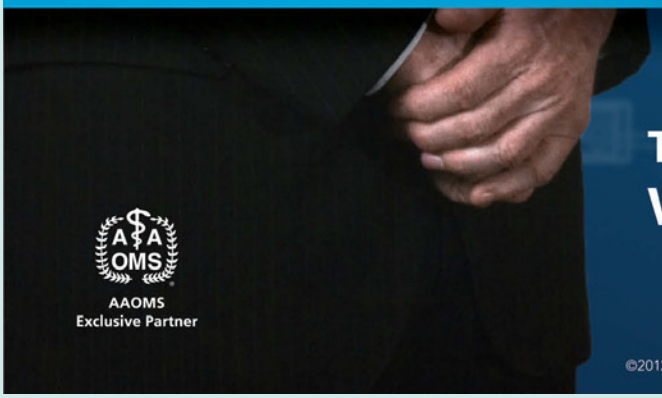

OMSVision delivers the dental industry's first integration with Allscripts® ePrescribe, the market-leading provider of electronic prescriptions. Accessible via the Internet with no downloads or new hardware required, OMSVision ePrescribe is a safe, secure, web-based means to send prescriptions electronically to retail.

With OMSVision ePrescribe, you can:

- Improve patient safety with automatic drug interaction checking, dosage checks, adverse reaction checks and duplicate therapy checks
- Simplify prescription renewals by receiving and managing refill requests from pharmacies online, with accessible patient medication history

"OMSVision is the first and only software to provide the safest, fastest integrated eprescription platform available for oral and maxillofacial surgeons."

Donald P. Lewis Jr., DDS CFE
Chairman, OMSVision & AAOMS Committee on Practice Management Software and Computer Technology

HENRY SCHEIN®
DENTAL | ORAL SURGERY

Henry Schein circa 1932.

SERVING HEALTH CARE PROFESSIONALS FOR OVER 80 YEARS

In 1932, Henry Schein opened his community pharmacy in Queens, New York. Pharmaceuticals have been an important part of our business ever since. With 80 years of experience in Rx items, we are well equipped to help practitioners with products and solutions that aid in the prevention, diagnosis, and treatment of disease.

As an Approved Distributor of Record (ADR), Henry Schein has access to over 125 vaccine and pharmaceutical manufacturing partners. This allows us to source products from a broad spectrum of providers, ensuring the product availability and selection with a portfolio consisting of 6,400+ brand and generic pharmaceuticals plus OTC products.

In March of 2007, The National Association of Boards of Pharmacy® (NABP®) announced that Henry Schein, Inc became the first wholesale drug distributor in the nation to have its entire distribution system accredited through the NABP Verified-Accredited Wholesale Distributors® (VAWD®) program.

We offer the following types of expertise and services to assist your practices:

DxRx Solutions
A staffed toll-free hotline, E-mail box and Web site with live-chat to provide quick answers to questions on pharmaceuticals and vaccines, such as:
- Product Shortages — This team will assist in addressing your back-order concerns for pharmaceuticals in short supply in the marketplace.
- CPT and J Codes†
- Package Inserts and MSDS Sheets

Ordering Controlled Substances
We recently added e222, an on-line program for practitioners to order their class 2 drugs... eliminating the hassle of triplicate paper 222 drug-ordering forms.

Product Integrity
Henry Schein operates in full compliance with state Pedigree compliance standards. All of our six distribution centers are VAWD-certified by the National Association of Boards of Pharmacy.

Repackaging
Henry Schein operates its own pharmaceutical repackaging facility for injectables. This is a unique benefit for our customers that provides many popular pharmaceuticals in smaller units of measure.

Competitive Pricing
With over 6,000 contracts available, we have access to all the major national Pharma GPO programs which enhance our volume-purchasing capabilities.

†For informational purposes only. Source: ReimbursementCodes.com and/or www.cms.gov. Customer is responsible for verification of billing/coding in accordance with applicable specific circumstances.

CONTACT US

Let us show you what we can do for you. Experience our customized solutions, services, and unique approach to partnership. Contact your Henry Schein Sales Consultant for a consultation—our knowledgeable Consultants are your primary access point to learn more about all the benefits of partnering with Henry Schein.
